

PITTSBURG COAL NEWS.

"ALL THE NEWS THAT'S FIT TO PRINT."

VOL. XXIII.

CLOVERPORT, KENTUCKY, WEDNESDAY, SEPTEMBER 21, 1898.

NO. 10.

DEMAND LUZON.

Archipelago Likely to Be Ceded If Luzon Is.

Spain's Sovereignty in the Philippines Dethroned.

The members of the peace commission were Saturday fully informed of the President's policy as to the Philippines. Secretary Day, Senators Davis and Frye and Mr. Whitelaw Reid, four of the commissioners, were in conference with the President from 10 o'clock until after noon. Senator Gray, the Democratic member of the commission, was not present, having been detained at Wilmington.

The conference between the President and the commissioners was held in the Cabinet room. No instructions were permitted. Senators Quay, Pierson and other prominent men who called to see the President while the conference was in progress were denied admittance.

At the conclusion of the conference the members of the commission all refused, of course, to discuss what occurred. It can be said, however, that the President went over the whole subject with the commissioners and made his views so clear that there was no possibility of a misunderstanding of his position. The President's intention is to make a demand for Luzon. The President is convinced from the advice he has had that a demand for Luzon will be all that will be necessary to secure the United States the whole archipelago. Spain's power is all in Luzon. It is not believed that Spain will desire, or be able in the present condition of her finances, to undertake to secure establishment of her sovereignty in the other islands of the group. If the United States sticks to its demand for Luzon, Spain, it is confidently believed by those who understand the situation best, will willingly surrender the group. By making a demand for Luzon only, when we might insist upon having the whole group, the appearance at least of a war of conquest will be avoided.

The President called a special meeting of the Cabinet for 5 o'clock Saturday afternoon. All the Cabinet officers were in attendance with the exception of Secretary Alger, who is out of the city. None of the Cabinet officers would take except to say that the Philippine question had been turned over to the peace commission.

DEMAND FOR LUZON.

It is said that the President in his instructions to the commission, specified that the demand for the cession of Luzon was to be made in writing, not orally, and that the Spanish commissioners would be asked to reply in the same way. In the event that any anticipated points should come up during the progress of negotiations the President will be called for advice.

Represented a Paper.

Mr. J. T. Sloss, of Cincinnati, O., was in the city last night. He was working in the interests of the Kentucky Manufacturer and Trader issued at Louisville. The object of this paper is to promote the manufacturing interests of all Kentucky towns. He has met with flattering encouragement wherever he has been, and is under the impression that the paper will be invaluable to the state.

TEACHERS' ASSOCIATION.

The Hudsonville Magisterial District Association Will Meet at Constantin Saturday, Oct. 1st, 1898.

PROGRAM.

Opening Exercises.
The Importance of Reading. — J. W. Trout.
Relation of Language to Composition. — R. Tucker.
Diction Grammar as an Aid to the English Teacher. — C. C. Carter.
Wesley Tucker, C. L. Mooreman.
Easy. — Miss Maggie Goodman.
Use of Charts and Other Devices. — Warren May.
Discussion. — Jesse Langston, C. Payne.
Satisfaction. — Miss Anna Hester.
Necessity of Intellectual Hygiene. — Geo. Colford.
Discussion. — Joseph Trice, R. O. Pender.
Paper on "Pneumonia." — Mrs. Rosa Roberts.
Organization of Reading Clubs.
Adjournment.

The trustees are requested to be and insist upon the attendance of pupils and patrons. We expect each teacher within the district to be out on time. If each teacher would meet his standard of measurement he can not afford to be absent. We hope to have a splendid attendance. Very respectfully,
ARTHUR DANKS, President.

Doctors Say;
Bilious and Intermittent Fevers which prevail in miasmatic districts are invariably accompanied by derangements of the Stomach Liver and Bowels.
The Secret of Health.
The liver is the great "driving wheel" in the mechanism of man, and when it is out of order, the whole system becomes deranged and disease is the result.
Tutt's Liver Pills
Cure all Liver Troubles.

LARGE IMPROVEMENTS.

About Two Thousand Feet of Floor Space Added to Store.

The splendid store of B. F. Beard & Co., at Hardinsburg, has been greatly enlarged and improved. An extension has been built and alterations made that give this magnificent emporium 1,920 square feet of additional floor space.

The new office in the rear of the store is arranged in metropolitan style and is perfectly lighted. The main warehouse will be equipped with thousands of feet of shelving and counting room and will be divided into different departments. The store as it is now planned would be a credit to a city of 10,000 inhabitants.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headaches. They don't gripe—short & Haynes.

JO SAVED HIS LIFE.

Bill Sterrett Owes General Wheeler His Existence

An Interesting War Incident That Transpired at Havawille.

Alfred Henry Lewis is putting out in journalistic circles in New York a story about Wheeler which he says Colonel William Green Sterrett, of the Dallas News, gave him in Washington some months ago. Lewis and Sterrett and Judge Culbertson, of Texas, were drinking champagne in St. Louis, Mo., on Pennsylvania avenue, and were discussing the transmigration of souls theory, applying it to themselves and friends.

It is agreed that before Joe Wheeler had become human he had been a sparrow, and this reminded Sterrett—and most things in this world do—something good.

"Wheeler saved my life once," said Colonel "Bill," solemnly. "It was this way: During the war our family in Havawille, Ky., was neutral, following the example of our state. I know this because my father used to tell me—I was only twelve years old then—that any one asked me what I was, to say I was 'yankee' but to remember I was 'seceded'."

In Havawille, where I lived, was a stockade some yankees had built, and there were about twenty of them in there, sort of a lunatic asylum, and detaching the town. One day a parcel of rebel cavalry jumped in and ran the yankees out. I went down town to celebrate the victory. One of our troops were asked to hold his horse while he set fire to the stockade. As I stood holding the animal I noticed about a mile out back that the hills were blue with yankees coming. I was a mighty careful boy then, and didn't care to hurt the feelings of a yankee army by letting it seem I held a rebel horse, so I called to the troops to come and get it. As he swung into the saddle a wild impulse seized me to go and fight and die for the southern confederacy. I hang on the bridle reins.

"Say mister," I said, "why can't you take me with you?"

"Son, you're too young," replied the cavalryman.

"I ain't too young as I look," I urged, "I'm just small for my age."

"Well, I know," said the cavalryman, fidgeting about for an excuse, "but I'll tell you, bud, you ain't got no horse."

"Never you mind that," I retorted, "if you'll let me get a gun I'll get a horse in the first mile."

"Son," said the cavalryman, and I could see he was getting desperate, "son, do you know who your general is?"

"No," I replied, "I don't."

"Well," said the cavalryman, as he dug his heels in the stirrups and organized for a run, he's a reg'n and onfendered with man named Wheeler, and from the way he's plin'ing out he's going to get us all, at least he captured before ever we get back, and by hell I don't want no children on my hands."

It was Wheeler's reputation with his own men that saved me," concluded Sterrett. "If I'd gone I'd got killed, so I always figured I sort of owed Wheeler my life."

Colt Show.

One of the most interesting events of the season will be the Colt show to be given by G. N. Lydian, at Irvington, Sept. 24, at 3 o'clock. All the animals shown will exemplify all that is perfect in the standard of equine excellence. It will be a great gathering of horse lovers and buyers and sellers from all over this section should be there and avail themselves of the fine opportunities that will be presented for good trade.

Williams-Webb.

Mr. A. C. Williams, of Grandview, and Miss Lydia Webb, of this city, were united in marriage at the residence of the bride's mother, on Wednesday night of last week—Canneton Telephone.

Do Not Be Imposed On.

Always insist on getting Foley's Honey and Tar, as it is positively, absolutely and unquestionably the best cough medicine. Accept no substitute.—A. R. Fisher, Cloverport; R. A. Shelton, Stephenson; Gordon & Haynes, Fatesville; E. A. Witt, Hardinsburg.

ANNEXATION IMPOSSIBLE.

Gomez Expresses His Views On the Subject.

He Favors the Disarmament of Cuban Insurgents.

A correspondent of the Diario de Marina, of Havana, has just returned from a trip to the camp of Gen. Gomez, where he spent three days. He had an important interview with the Cuban leader.

Gen. Gomez told him that a single drop of blood during the suspension of hostilities would be a disgraceful act. The Cubans did not desire liberty to form an army to preserve Cuba exclusively for the Cubans. They sought to give the country, and all in it, the benefit of the most ample liberty, and did not wish to inspire hatred to Spain. They had fought only a form of Government.

Gen. Gomez paid a tribute to the valor exhibited by the Spanish soldiers, and said that it was an honor to have fought against them. He declared that the policy followed by Gen. Martinz Campos in promising rewards and smothering aspirations and showing clemency did not induce him to surrender, while the administration of Canovas made a great mistake in giving the command to Gen. Weyler.

Under no circumstances, he declared, did he believe possible the annexation of Cuba to the United States. He said that Cuba was a country which possessed elements capable of governing themselves without assistance from any one. The Cubans are grateful for the protection given them by the Americans.

Gen. Gomez believes that the political and economical relations between Cuba and the United States will be for their common advantage. To think the country would be to cast reflections upon the good faith of the Americans.

Gen. Gomez is in favor of disarming the insurgent forces.

Gen. Gomez, who only a fortnight ago gave expression to extremely moderate views, counselling harmony and patience, added that he is now strongly in favor of absolute independence or nothing. He said the Spanish element could not afford to delay uniting with the Cubans, as a "necessary basis for the establishment of conditions that will forbid and prevent the United States grabbing and taking advantage of the treasure both Spaniards and Cubans have fought for at an expense of rivers of blood on each side."

General Gomez continued: "If reports speak the truth, the Cuban element is in a position to belong to the same family of cowards who fled from Havana at the first rumormongering."

"Then," he declared, "am however a minority and to quote him further, 'almost the entire Spanish population remains, protecting their homes and defying the dangers of war, and will now remain to unite their efforts with those of the Cuban party, working together with the Cubans for the development of the island and the return of prosperity.'"

To Cure Constipation Forever.

Try Cassell's Candy Cathartic. It is the only C. C. C. that cures, does not offend.

Death of a Pioneer.

On Wednesday afternoon, of last week, too late to receive mention in the paper, occurred the death of William Babbage, one of the few remaining pioneers of this neighborhood. Together with a brother he descended landed in America, from England, in 1834. He made his home in Rochester for a couple of years then came to Toledo by the lake route. From there he came to Indiana and superintended a gang of men working on the new canal.

In 1845 he came to this neighborhood and gave up his farm which he had lived here he died. The year after coming here he was joined in matrimony with Tryphena Johnson, to this union six children came, all of whom are yet living, two of them being in the far away gold fields of Alaska. The wife also survives him, greatly aged and feeble. Doomed had been a worshipper in the M. E. faith since 1853, and died in the arms of his loved church. Rev. A. Thomas conducted the funeral ceremony, on Friday, at 3 o'clock. Interment took place in the cemetery on the old farm. The Hicksville M. E. choir furnished the music.

There are two brothers and two sisters yet living, situated at Rockport, Mo. N. Y. and Mary and Elizabeth, in England.

So well known and loved by all was William Babbage, that all his neighbors, Billy Babbage. A more respected and esteemed citizen was to be found in this whole part of the county. The News extends sympathy to the family upon the loss of its worthy and honored head—Hicksville (Ohio) News.

Visited Canneton.

Mr. Walter Smart, of Cloverport, and Miss Marshall, of Louisville, were in the city Saturday evening visiting friends.

Misses Gregory and McGavock, of Cloverport, visited L. J. Early last week—Canneton Telephone.

When you call for DeWitt's Witch Hazel Salve the great cure cure, don't accept anything else. Don't be talked into accepting a substitute, a pile, for sores, for burns—short & Haynes.

PRACTICAL KINNDNESS.

One Hundred Thousand Grateful Soldiers.

These war times have tried men's souls in many unexpected ways, but like a shaft of sunshine that will cheer out of the cloud of privation and endurance has been the work that the American Tobacco Co. has done among the U. S. soldiers and sailors ever since the war began—for when they discovered that the camps and hospitals were not supplied with tobacco they decided to provide them, free of cost, with enough for every man, and have already given out right to our soldiers and sailors over a hundred thousand pounds of "Battle Ax Plug" and "Duke's Mixture" smoking tobacco, and have bought and distributed fifty thousand briar root pipes, at a total cost of between fifty and sixty thousand dollars.

This work has been done quietly and thoroughly, by establishing headquarters in each camp, so that every camp and every hospital of the United States army has been supplied with enough tobacco for every man and the sailors on thirty United States ships in Cuban waters have shared with the soldiers this most welcome of all gifts.

Perhaps it will be only fair to remember when we hear the remark again that "corporations have no souls," that there is one American corporation whose soul has been tried and has not been found wanting in "practical kindness."

ARMED SOLDIERS

Must Be Kept in Havana for a While.

The Poorer Classes in Cuba Stubbornly Demand Independence.

The United States commissioners are making their home on board the steamer Resolute, anchored at Havana. Of course, they are daily visitors to the peace council. Gen. Butler, one of the commissioners, sums up the situation in the following manner:

"The high-toned representatives of Spanish and Cuban industries plead for annexation, and are aiding the commission in every conceivable way in gathering such valid evidence that we go long way in convincing the United States that it is absolutely necessary to place the island under our protection."

"The poorer classes are stubborn and arrogant throughout the island, and demand independence, pure and simple. This creates friction and an unnecessary delay in reaching the conclusions that were anticipated by all concerned in the future of Cuba."

"The outcries of the insurgents in the country tributary to Havana would suggest that it will be eventually necessary to place a sufficient number of troops to protect the interests of the country at large. The influx of wealthy Spaniards indicates a resumption of business. All important concerns in the island are carrying the most important industries that are available, believing that within a few weeks the exorbitant tax will be withdrawn."

"The conservative element is not so enthusiastic for hurried conclusions. In fact, the commissioners, although guarded in their expressions, say that it will require two or three months for a careful and judicious termination of the affair, and intimate that at least two or three regiments should be sent as a military representation, if nothing more. It is, of course, a poor policy to entertain the chaos of Havana, for the reason that nothing but misery and want have prevailed for the past two years among those who were in the lower stratum of life. They are even now rebellious, and unless some positive methods are adopted more trouble is sure to follow."

"The harbor is literally covered with various products of the country, and it is estimated that thousands of dollars have been lost owing to the expectation of those making the shipments to force an entrance."

"Little or no sickness exists, the streets being thoroughly cleaned. The police force has been doubled, as well as the number of sanitary officers, and the people warned to keep in doors after nightfall."

The Eagle, King of All Birds is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, eyes, sore eyes, of any kind or granulated lid. Sold by all dealers at 25 cents.

Mrs. LeGrand Dead.

Mrs. Jane LeGrand, wife of Robert LeGrand, died in Louisville Friday, Sept. 18. Her illness was of a long duration. Her remains were taken to Garrettsville for interment. The sad news of her death will be a shock to her many friends in this city.

Going Down Hill.

People suffering from Kidney Disease feel a gradual but steady loss of strength and vitality. They should lose no time in trying Foley's Kidney Cure, a Guaranteed Preparation.—A. R. Fisher, Cloverport; R. A. Shelton, Stephenson; Gordon & Haynes, Fatesville; E. A. Witt, Hardinsburg.

FARMERS AND GOOD ROADS.

They Can Help Wonderfully In the Cause.

By Using a Little Common Sense and Elbow Grease.

The individual farmer can afford to do road mending on the same principle that he repairs his fence and buildings. A land owner ought to feel as ashamed of a choked sluice or a mud hole that can be drained as he would of a leaky or a dilapidated ditch. It is not necessary to wait for the roadworking season to come around. The most profitable common sense work can be done a little at a time, if at the right time.

Drainage is the beginning and the end of the whole matter, if roads are to be made, not sloughs. Watering troughs and hillside springs are the most common cause of standing water, yet it is a very simple thing to drain the water in the way it should go. A stone, a stone board, a chunk of mud washed down against the end of a sluice may choke it up so that it is nothing but a public nuisance. Five minutes' work would send the water rushing through its proper channel.

It is not uncommon to see water flowing the wheel runs for rods when a man with half an eye can see that a mere cut through the ridge at the edge of the road would lead the water into the ditch and down a bank. Even a half cent spent in dropping into a very bad hole a few of the numerous stones that infest the highway, would work a double-leaved blessing to all who pass that way.

Heaving out a few stubborn old boulders would work detriment to the blacksmith and wagon maker, but a big saving to the farmer. If all such patching was thus well kept up, the yearly toll of public service would count more and more toward the good roads of which all are talking and dreaming. This view of the subject is not more than one feature of practical farming, intelligent economy, a mere looking out for number one, no matter how many others are benefited.

One Minute Cough Cure surprises people by its quick cure and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs—short & Haynes.

Improve Your Store.

Among other evidences of prosperity to be seen all over the country are the improvements that are being made to the store building occupied by A. H. Hardin & Co., at Louisville. The building is being enlarged, a new roof is being put on and important alterations made.

Exhaust Your Bowels With Casserats.

Cassell's Candy Cathartic cures constipation forever. It is the only C. C. C. that cures, does not offend.

METHODIST MINISTERS.

Have Longer Pastorates Than Those of Other Denominations.

Rev. Dr. Hayes, presiding elder of the Henderson district of the Methodist church, passed through Cloverport Thursday on his way to Louisville. The reverend gentleman spoke very interestingly of the work of the ministry of the Methodist church.

Among other things, he said that Methodist ministers, in spite of the itinerancy system remained on an average, longer in a town than preachers of any other denomination.

He cited a number of statistics to prove this, and it was shown that when the "call" system prevails that the average community has five or six different ministers in the course of four years, and they often go a year at a time without pastors.

It Is Strange.

that some people who say they never read patent medicine advertisements will be found buying bottles every now and then a bottle of some favorite remedy of theirs. We don't bother you with much reading but just ask you to try a little trial bottle of Dr. Caldwell's Syrup Pepsin for constipation, indigestion and stomach troubles. 50c and \$1.00 sizes. At Coas. C. Martin's.

Henry Ferguson died in the Carrio neighborhood Wednesday at 2 p. m., at the age of 40 years. He died of typhoid fever after an illness of over two weeks. He was a single man and was a well respected citizen. The remains were brought to the home of his brother, Mr. T. W. Ferguson, this city, and the funeral will occur from St. Stephen's Catholic church at 8 a. m. today. Interment at the Catholic cemetery—Owensboro Messenger.

DeWitt's Witch Hazel Salve has the largest sale of any Salve in the world. Tim and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure—short & Haynes.

Long Irritation.

is the forerunner to consumption. Dr. Bell's Pine-Tar-Honey will cure it and give strength to the lungs that a cough or cold will not settle there. Twenty-five cents at all good druggists.

ADDRESS COMMUNICATIONS TO

Pittsburg Coal Company,

BASKETT, KY.

Opening of the Fall Season.

We're coming right to you with our new season's goods. Telling you what we have to sell and what it will cost and what you can save by trading here. Please read our ad. You will be benefited. Make our store your headquarters when in the city. You will be made welcome whether you wish to buy or not.

OUR LINES ARE
Clothing, Hats and Fur-
nishings for Men and
Boys. Shoes for Every-
body.

Send a mail order if you can't come. Money always refunded on request.

LEVY BROS.

Third and Market,
Louisville, Ky.

BRECKENRIDGE NEWS.

WEDNESDAY, SEPT. 21, 1905.

BRANDENBURG.

To my regret greatly I did not get to Irvington.

Mr. and Mrs. G. M. Duncan have returned from Cloverport.

Nov Nevitt and Fannie Phillips spent Sunday in Vine Grove.

Jimmie Ditto has a position in a clothing house in Louisville.

Misses Nannie Childs and Lila Harris are visiting in Louisville.

Dr. Hardin has been quite sick and is still on the sick list.

Misses Annie and Lillie Nevitt visited Mrs. R. H. Nevitt last week.

Miss Ella Hendrick spent Saturday and Sunday with Lona Nevitt.

Mr. King has rented the Main property, the late Lucile Home, very sweet and fair who is signing to attend a fair.

Mr. and Mrs. Geo. Frymire spent Saturday and Sunday at Jackson Wood's.

Miss Nellie Cunningham is with Mrs. Fox Rhodes to attend Brandenburg Normal.

George Woolfolk, Louisville, spent Sunday with his wife at her father's, Mr. J. W. Lewis.

Mrs. J. D. Richardson is here from Georgia the guest of Mrs. and Mr. H. B. Shacklett.

Mr. and Mrs. W. H. Richardson, of Louisville, spent last week at "Camp Herndon."

Rev. C. W. Henson left Monday for Annual Conference which is in session in Louisville.

Miss Rebecca Owens spent last week here the guest of Mrs. Geo. Frymire and Mrs. Blanche Fontaine.

Miss Lida Powell is in Louisville for two weeks to take items in the latest style of dress making.

Mr. A. C. Burton arrived last week and was in his place Monday morning at the opening of Brandenburg Normal.

Miss Claudia Stith, a popular, handsome young lady from Louisville is visiting her sister, Mrs. Wm. Bewley.

Mrs. Dr. C. D. Pusey will attend the M. E. Conference in Louisville this week and then visit Lebanon, Ky.

Mrs. James Band has been quite a sufferer for several days. We all hope she may soon be restored to health.

"After Long Grief and Pain," in Sunday's Courier, proves our friend, Jas. F. Fairleigh, a poet of feeling and passion.

Mr. and Mrs. Harry Leslie, Bourbon Bondurant and Lewis Johnson, of Louisville, spent Sunday with Mrs. E. Bondurant.

Mrs. Dr. Burch and children have returned to their home here for school and musical advantages. We welcome them most cordially.

Miss Ione Dowden has been confined to her bed for some time with a slow fever. She is doing well and soon she will soon be able to resume duties in fall millinery.

Mr. Franklin Ditto, Sr. is growing more feeble. He is at his son, Wm. M. Ditto's, where he receives very attentive and kind care from a professional nurse and his children.

The late Meade County Deposit Bank has declared another dividend. The faithful cashier who served the bank, Mr. James L. Fairleigh, has been here attending to the business.

Gen. Clay still shows a friendly interest in his early life. Poor, silly thing! If he will marry Lily Brock he will take the consequences. Devotion, circumspection, and a little more sense.

The Misses Lewis entertained a most charming home party last week. Miss Lida Jones, of Louisville, Josephine Lyndale, of New Orleans, Eva Hensley, Mrs. Herbert Beard, of Lexington, who were joined by Miss Nellie Greene, Louisville, Monday.

I had such a pleasant visit last Saturday with Mrs. Crawford, of Long Branch. Mary was a dear pupil in the past. She has had a day at Grayson Springs this

summer of which she talked entertainingly and reports that time honored old resort as regaining its golden apple.

I often forget or unintentionally omit items or visitors who have come or gone. Never intentionally. I have no policy to make whatever. Frequently I am not aware of comings, doings, goings—anyhow I make no pretensions to being omniscient, omniscient or omnipotent but I strive to do my duty in all things.

I am indebted to some kind friend, Miss Tola C. Daniel, I imagine, for interesting literature from the Woman's Missionary Society. Miss Tola, I see, has been made a member of the society.

Our missionary band here is like warm (I am not a member) I hear nothing of it, don't think it has had a meeting with full attendance or something. At one time it was flourishing and much interested.

Young people often make a mistake in imagining they have plenty of time before them. Don't run with the notion, you have no such thing. To be a useful or happy man or woman one must labor. Labor is sweet if one takes to it early. Every man, every woman should get rid of the false fever of life before he or she settles down to everlasting tides. Either should be fitted for usefulness the early hours of industry, regular habits. We as teachers are utterly powerless unless our subjects work and their parents co-operate. I often wish people and parents could take our position for one short week perhaps we would have more sympathy and meet with more success.

"Sometimes," says Bulwer, "I think it better better could mortal be rid of love altogether." Life, he thinks, would glide on smoother and happier without it. Friendship, he agrees, is akin to the tender passion without the anguish. That great philosopher was never more mistaken. A pure, honored, trusting love mingled with respect, esteem and admiration never fails to make womanhood and manhood, better, purer, greater, more God-like. It is the very "wine of existence" when unalloyed, spontaneous—responsive between two congenial, pure hearts. Bulwer, like some other transcendental, colored much of his life with unhappy experience. How prone one is to weigh another's life in his own scales. He has never left the passion he paints, never been in the situation he describes. From his stand point, exquisite in his theory—nothing more. No matter how well we must feel that we are fulfilling our proper destiny and that we want pride and principle will. No human being that ever loved honestly and deeply a worthy object has left him or herself a nobler and a better creature.

GUSTON.

Bernard Stone, of Louisville, spent Sunday with H. B. Bell.

Mr. and Mrs. T. E. Conniff and daughter, Marguerite, returned home last Sunday evening.

A letter received from Clyde Addison states that he is still sick in a hospital in New York.

Dr. Rodney Shacklett, of Ekron, expects to locate in Guston to practice medicine. We are always glad to welcome enterprising young men into our midst.

The colored people had a picnic at this place Saturday and the music was a feature of the occasion, and if I could always hear just such music I would not care whether I ever heard another "band organ."

Herman Kercher, of New Bedford, Mass., and Gusto Kagan, of Frankfurt, Ky., visited Mrs. G. J. Neff the past week. Mr. Kercher is no uncle of Mrs. Neff and this was his first visit to our bluenose state.

There was a very good attendance at the Christian Reformatory prayer meeting Sunday evening. These young people need encouragement and we are glad to have everyone attend the meetings. There is an inspiration in numbers.

Lieut. B. F. Hardaway has returned with his company to Columbus, O., and writes that if he can get a sick leave he may be expected home soon. As his captain was killed during an engagement in Cuba, Lieut. Hardaway will be promoted to take his place.

Saturday evening Frank Miller, one of our Guston boys who enlisted in the army as a member of the 2nd regiment, will be G. W. Beard's wife, B. F. Beard, Miss Tola C. Daniel, Rev. Felix Roberts, V. G. Babage and some others.

Ed J. McDaniels, son of Wm. McDaniels, returned yesterday to look after the sale of his deceased father's land at the court house door. He bid the land for the heirs. All of Mr. McDaniels' family now live at Henderson, where they would shortly after the father's death.

Ed J. has a position in the post office and also runs a store.

Mr. and Mrs. R. S. Skilman leaves this week for Louisville, where they will spend a few days with the family.

They will be located opposite the Fifth Avenue hotel, and have a first class building, as good as can be found in the city. They stand high in the social scale in this city and have a world of friends. We hope they will succeed in their new venture.

The citizens of this town and in fact all the towns along the branch feel under obligations to Mr. Mordun and Superintendent McOaken for the new passenger service. The public has always felt kindly toward the "Henderson route," and they will be more than

HARDINSBURG.

Prof. Scott has been here several days and resuscitated our brass band.

A. B. Skilman, cashier of the Breckenridge Bank, was here Monday.

Joseph Teal, of the firm of Teal and Hobbs, went to Louisville Monday.

The best sewing machines in the world for the money. Call and see them.—T. C. Lewis.

Examine Curries Fertilizer at Harned, for sale by Haynes Bros., before buying elsewhere.

Daily George Beard, of Edylville is visiting relatives in this place during last week.

Mr. John Haswell who has been on the sick list some time is able to be about again.

Rev. George Hay, wife and daughter, of Henderson, were visiting relatives here last week.

Brown McCubbin, of Cloverport, was in town Sunday the guest of his sister, Mrs. G. F. Hawell.

Mr. E. Barry Norman, of Louisville was the guest of Dr. and Mrs. A. M. Kinchloe last week.

Wm. Beard and wife and their daughter, Sally, of Edylville, are visiting their son Morris this week.

Charles E. Drury was here Monday and qualified as administrator of his father, Wm. N. Drury's estate.

W. S. Beard is thinking very strongly of moving to Louisville to engage in the tobacco business with Mr. Chas. Reed.

Porter Bradshaw and Miss Belle Turpin were married in this city last Saturday afternoon. Rev. W. B. Sneed, officiating.

Rev. George Hays filled the pulpit at the M. E. church, South, last Sunday, both at the morning and evening services.

Joe Hook, Jr., is building a two story residence on his farm near town, at the place where his old one was destroyed by fire last summer.

A bright, clean and beautiful assortment of jewelry, everything new and of the latest attraction. Don't fail to see them.—T. C. Lewis.

G. R. Taber and Miss Lella Meador were quietly married at the bride home last night Thursday the 15th by Rev. H. C. Hook.

The funeral of Jackson Marks, deceased will be preached at the family grave yard near Custer, Ky., next Sunday, by the Rev. H. C. Hook.

The people of the city are highly pleased to know that we are to have a regular passenger service. You can go to Louisville and return the same day.

Walter Roark, colored, arrived here last week on a trip from Lexington to the army. He belongs to the regular service, and was in the fight at Santiago.

New cases are coming in for Circuit court, as the time Monday, Oct. 10, for the convening of the court approaches.

Several new cases will be tried Monday.

If you have a watch, a clock, a ring, a musical instrument, silver ware, or any thing in this line needing repair, bring it to me. I guarantee first class work.—T. C. Lewis.

The new passenger train on the branch going to Irvington, arrives here at 8:15 a. m. and returns at 11:35 a. m. and in the afternoon at 5 p. m. and returns at 7:25 p. m.

Another wedding here shortly, yes, a young lady of the town called on Mrs. Withers a few days ago and asked her if she would play her wedding march.

This is all we know about it.

Z. T. Hardin sued on an order of debt last Monday for the wheat raised on the John Hardin farm. The farm was rented last year by Mr. Pate, who claims the wheat on the place.

G. L. Beard extended the bonds for the Hardin farm last Monday, but it seemed to be understood that the purchase was made for Tom Blythe. Mr. Blythe is offering to sell or rent his farm on the place.

There were several people in town last Monday to attend court and look after the sale of land, several of which were made at the court house door. The old John Hardin farm sold at \$4,000.

Quite a number will go to Louisville from this place to attend the session of the Annual Conference. Those leaving will be G. W. Beard, wife, B. F. Beard, Miss Tola C. Daniel, Rev. Felix Roberts, V. G. Babage and some others.

Ed J. McDaniels, son of Wm. McDaniels, returned yesterday to look after the sale of his deceased father's land at the court house door. He bid the land for the heirs. All of Mr. McDaniels' family now live at Henderson, where they would shortly after the father's death.

Ed J. has a position in the post office and also runs a store.

Mr. and Mrs. R. S. Skilman leaves this week for Louisville, where they will spend a few days with the family.

They will be located opposite the Fifth Avenue hotel, and have a first class building, as good as can be found in the city. They stand high in the social scale in this city and have a world of friends. We hope they will succeed in their new venture.

The citizens of this town and in fact all the towns along the branch feel under obligations to Mr. Mordun and Superintendent McOaken for the new passenger service. The public has always felt kindly toward the "Henderson route," and they will be more than

pleased now that they can go to the city and return the same day, yes, have the benefit of a prompt mail service. Over here we appreciate this thing and hope that the patronage will be sufficient to maintain it.

GLENDENE.

Rule day next Friday.

Mrs. M. H. Matheny has malaria fever.

Miss Lilla Moorman has returned from Cloverport.

Vennie Moorman has been several days in Louisville.

Miss Lilla Moorman was a visitor at Falls of Rough Sunday.

Styles Howard went to Fordville Saturday, returning Sunday.

Tom Robertson, of Jefferson county, was here with relatives last week.

George Curtis, of Albion, Ill., arrived here last night.

Foster Heyer came over from Cloverport Friday to see his wife and daughter.

Mrs. Curtis now stays in the post office. Noisy Ashley is no longer in the depot.

Wash Ship, of Meade county, is building a fine barn for Jesse L. Owen and son.

Mr. Dant drove to Big Clifty Saturday. His mother-in-law will accompany him home.

James Phillips, Winchester, Tenn., well known here, is a student at Yale this year.

Corn cutting, molasses making and other usual fall work keeps things lively on the farm.

Miss Deewee has returned from Louisville, where she was several days purchasing goods.

Mrs. Lucy Hunter and Mr. and Mrs. Heyser spent the day Saturday at Mr. Willis Owen's.

Miss May Moorman will leave after a few weeks for St. Louis, where she will spend the winter.

Miss Mary Peyton came up from Falls of Rough Saturday, and was with the band Knap party.

Mrs. Foster Heyer and daughter, Ray, left this morning for Leitchfield where they visit relatives.

Miss Irene Board and Misses Mary Dempster and Flora Telford were guests at Col. E. L. Deane's Sunday.

Dr. Flemister, social, cultured, and full of business common sense here last week in the dental business.

Miss Edna Robertson left Saturday for a short time of two weeks to visit in Jefferson and Grayson counties.

The Glendene boys will play the West View club at Ken Rhodes' next Sunday. This is the deciding game.

Conductor Jerry Telford will have the passenger trains on the branch. Lee Montgomery will be freight conductor.

Mr. Deewee tells me that he has purchased nearly twice his usual fall line of goods. Room to show them to the best advantage is all he needs now.

Foreman Matheny is doing some neat work on his section. Indeed his taste and work are sufficient for park and cemetery purposes in our larger cities.

Dr. Dempster makes the drug store one of the pleasant places in town. Drop in once and you'll easily understand why there's always a crowd there.

Carpenter R. M. Obenchain is repairing Tom Moorman's house which was largely struck about two weeks ago. The damage done will run to \$150 or more.

Spa's Driskill informs me that the Teachers' District and the County Teachers' Association will meet together at this place Oct. 15. Program will be published next week.

Instead of running out collarless to catch early trains, we can now get full breakfast, leisurely get ready and board a 7:42 train for Louisville and return the same day if we wish.

Mattings are cutting a big lot of lumber with their mill in town. Last month they expressed about two weeks ago, the biggest amount of lumber ever done with a mill and engine of their kind.

I have for sale in Glendene one house and lot, well fixed, well improved, with all cheap, too small for my business, anyone wish to purchase come and see.

Repectfully, J. H. Brown.

Joe Mattingly, Glendene's most respected citizen, one of our best public-spirited, enterprising citizens, has been chiding for some time. At present he is unable to be out, and is under the doctor's care.

J. D. Babage will be here next Friday. Meet him, pay up your arrearage, and receive your subscription for next year. If you miss the News now, you miss the biggest dollars worth you ever had a chance to buy.

Louis Ashley goes to Grayson county this week to get the best bird dog ever in this section. This is a fact, if he does come up to recommendation. The bird dog is good this time and the hunters are happy in anticipation.

Just think of it! Two passenger trains each way every day, and a freight with passenger accommodation besides! Sunday service, too. We people on the branch are richly accommodated now. We'll all thank. Thanks to the company.

There is this fall an unusually large number of the hideous, though harmless, ticks known as "deer ticks" running loose. If, by chance, you leave your door open and one is attracted to your light, he can run you from your room. He looks and impudently make cowards of us.

The children had a pleasant outing at Sand Knob Saturday. Little Miss Heyer's friends wanted her to visit the Rock Indians here Glendene. Under the protection and guidance of Miss Hallie Moorman and Mr. Ernest McDonald the trip was made. The other grown members of the party were Miss Nellie Moorman and Miss Mary Peyton.

BEWLEWILLE.

Clyde Stumate is improving a little.

David Hardaway has visited again.

Miss Ada Drury left for Louisville Friday to teach.

Apple crop is dreadful short. We'll 'most forget how apples taste.

Dr. Strother was here again Sunday evening the guest of friends.

Mrs. Ellen Jolly will spend this week with Mr. and Mrs. Bion Jolly.

Dr. Henry Drury, of Chambersville, Texas, is home for an extended visit.

Prof. Allen Stith and sister, Mabel, here Sunday guests of Mrs. T. P. Harlaw.

C. M. Sanders who has been visiting old friends has gone to his home in Louisville.

Misses Stella Paul and Clara Jordan visited Miss Lilla Drury, of Mr. Merino, last week.

Mrs. Horace Stith and Mrs. Will Roberts, of Brandenburg, are visiting Mrs. Will Smith.

Henry Morgan from Brandenburg was here Sunday visiting friends and attending church services.

The Epworth League Sunday evening was a departure from the old line and an agreeable one.

Rev. W. H. Branner preached in the Baptist church Saturday and Sunday, Sept. 17 and 18 a. m.

Weather fine and we note now and then that the most beautiful time of all the year will soon be here.

W. H. G. Dr. went to Howell's church, Hardin county, to attend Quarterly Meeting, Sept. 18 and 19.

Our old friend, Rob't E. Woods with his wife passed through this vicinity visiting his sister, Mrs. W. H. G. Dr.

Mrs. M. T. P. Fawcett, who has been visiting her daughter, Mrs. Sam Pate, returned to her home last Thursday.

T. J. Jolly was over at Rosetta Sunday in the interest of Sabbath-school work. He was helped by his trip and was assured of success.

The sorghum man has again made his appearance. Given the delightful liquid he manufactures and good stout biscuits and butter we find life a lovely dream.

The difference in the attendance at the School Teachers' Association Saturday show that, well, does it show that the people love coils better than their children.

The District Teachers' Association met at Bethel on last Saturday. The attendance of teachers was good, but we were sorry to see so few of them prepared to perform the parts assigned them on program. Mr. Driskill presided with ability and affability and made fitting remarks upon most subjects which were up for discussion. We were especially pleased with his remarks regarding the moral training of the children he kept abreast with mental and physical. Prof. Crabbe was present and gave timely and instructive talks.

GOLDEN RO.

Bob Order and family will move to Irvington.

Mrs. Jones went to Louisville Sunday to buy millinery.

Miss Mable Smith is quite ill at this writing with typhoid fever.

Miss Gittens spent several days with her mother last week, Mrs. Miller.

Mrs. W. H. Sargent went to Louisville Monday to purchase millinery goods.

Mrs. F. Jarboe and sister Miss Olive Howard visited relatives in this county Sunday.

Mrs. Frank Jarboe who lives near Hardinsburg is the guest of her parents, Mr. and Mrs. Howard.

Quite a change has been made in our branch road, two regular passengers and one on Sunday.

Hevitt Hawkins, of Stephensport, was the guest of his sister, Mrs. W. H. Sargent, several days last week.

Bro. Ratcliff has been called as pastor of the Baptist church at this place and will leave for his new position Sunday and Sunday.

DUKES.

Nice rain Tuesday.

Tobacco and corn cutting is the order of the day.

Born, to the wife of John Dawson, Sept. 13, a 10 pound girl.

Mrs. Ritchey, we are glad to say, is some better at this writing.

Sam Barnett is nearly past getting around, with rheumatism in his back.

Charley Kahal is running the hunter wagon and will buy your chickens and eggs and pay you the cash for them.

Parsons are not seeing any wheat this week to get the best bird dog ever in this section. This is a fact, if he does come up to recommendation. The bird dog is good this time and the hunters are happy in anticipation.

Just think of it! Two passenger trains each way every day, and a freight with passenger accommodation besides! Sunday service, too. We people on the branch are richly accommodated now. We'll all thank. Thanks to the company.

There is this fall an unusually large number of the hideous, though harmless, ticks known as "deer ticks" running loose. If, by chance, you leave your door open and one is attracted to your light, he can run you from your room. He looks and impudently make cowards of us.

The children had a pleasant outing at Sand Knob Saturday. Little Miss Heyer's friends wanted her to visit the Rock Indians here Glendene. Under the protection and guidance of Miss Hallie Moorman and Mr. Ernest McDonald the trip was made. The other grown members of the party were Miss Nellie Moorman and Miss Mary Peyton.

BRECKENRIDGE NEWS.

Jas. D. & V. G. Salts, Editors and Proprietors

WEDNESDAY, SEPT. 21, 1898.

EIGHT PAGES

WAR may come and war may go, but the tax goes on forever.

GENERAL MILNE's knowledge of Indian warfare will make it easy for him to lift Aguirre's scalp.

It's a tough condition of affairs that makes a battle field safer for American soldiers than a peace camp.

THE announcement that Maine has gone Republican reminds us that the Dutch have captured Holland.

In the recent state election in Vermont, the Democrats made very large gains. Who says the age of miracles is past?

CASAR had his Brutus, Charles II, his Cromwell, Napoleon his Wellington, and the chances are that Aguinaldo will have his Pío Pilár.

THERE is a prospect that Turkey will be carved before Thanksgiving day and that John Bull will sit at the head of the table and do the act.

In France two ministers of war resigned within a week. The United States would be content with the resignation of half that number.

GENERAL SNEYDER has presented Secretary Alger with two Cuban medals. General Mills will please take notice and govern himself accordingly.

ACCORDING to Collector Frank's interpretation of the civil service law, Democratic office holders in his district have no rights that he is bound to respect.

AGUINALDO confesses that he knows nothing of political economy, but his continual kicks for pie shows that he knows a heap about practical politics.

BRECKENRIDGE county with its big crops of wheat, corn and tobacco, is a veritable Klonkyle, and the merchants who get the biggest hauls on themselves will get the largest shares.

A DIVINE healer has made his appearance at Franklin, and, it is said, is healing the lame, the halt and the blind. If he can resurrect the dead he will find Hawesville a glorious field of labor.

JAPAN is urging that Great Britain and the United States form an alliance with her. Let these three great powers get together and what they do to the balance of the world will be a plenty.

THE TEXAS will improve the Victoria road and extend it to Fordville, at least that is a pipe dream from Cloverport-Hawesville's Fairdealer.

It's a pipe dream, but not from Cloverport.

THE number of pensioners in Indiana has increased over 10,000 in the last eight years, which goes to prove that the Indiana man believes the pension is a good thing and he is inclined to push it along.

THAT the pension system is a permanent institution in this country is proven by the fact that there are now over a hundred and fifty applicants for pensions who incurred disabilities in the Spanish-American war.

THE CONSUL'S ANSWER.

There was a high compliment to Americans in the reply which the British consul is said to have made to a Spanish woman of Manila who had gone to him after Dewey's victory and asked for protection. "Madame," he is reported to have replied, "honor and virtue are safer in Manila to-day than they have been for 500 years."

PRIZE MONEY.

THE law governing the distribution of prize money in the navy is a peculiar one.

Under its operation Admiral Sampson gets \$100,000 while Dewey gets \$50,000 and Schley gets \$5,000.

It will be remembered that Sampson hardly smiled battle smoke in the late war while Dewey, the victor of Manila, destroyed an entire fleet and added an empire to the territorial possessions of the United States. Schley, on the Brooklyn, bore the brunt of the great fight of Santiago. If the prize money was divided according to the deserts of the men Dewey would get \$100,000; Schley \$100,000 and Sampson—why he might hold the bag.

MONEY AND LABOR WELL SPENT.

Road working is about over with in this county. This year marks a new epoch in road construction and maintenance in Breckenridge. The people have awaked to the fact that good roads are the highways of progress and the overhauling sentiment in favor of improved thoroughfares has been fruitful of good results. The county magistrates, road supervisors, and those who have worked the roads have put forth their best efforts to improve the condition of the county thoroughfares. Money has been spent liberally, but economically in every district to achieve these results. So far there has been the liveliest satisfaction on the part of the taxpayers for the benefits they have derived through the improvements. They realize that they have got the most for their money, and the taste of good roads they already have has stimulated an appetite for more. The outlook for good road work next season is very bright.

The Dipper or the Proper?

There are cough medicines that are taken as freely as a drink of water from a dipper. They are cheap medicines. Quantity doesn't make up for quality. It's the quality that cures. There's one medicine that's dropped, not dipped—Ayer's Cherry Pectoral. There's more power in drops of this remedy than in dipperful of cheap cough syrups and elixirs. It cures Bronchitis, Asthma, Croup, Whooping Cough, and all Colds, Coughs, and affections of the Throat and Lungs.

Ayer's Cherry Pectoral

is now HALF PRICE for the half-size bottles—50 cents.

RUSSIA'S TRADE MENACE.

A probable menace to American trade in China is the subject of a report made to the State Department by Dr. Edward S. Bellou, United States Consul at Amoy. "It is," he says, "the system by which Russian merchants will undoubtedly seek to expand their trade with the Chinese Empire as soon as through rail road communication is completely established between Russia in Europe and China via Siberia and Manchuria. Russian successes in central Asia in pushing her products ahead of her rivals will undoubtedly be repeated in China, with a result serious to us where our trade interests clash with hers in cotton goods, kerosene and flour. The Russian system will be applied in China to all rivals in the through railroad line enabling Russian manufacturers and shippers to pour their products into the empire of China on terms and under conditions which Russians will be in a position to fix as they please.

"It is obvious that Russia's policy is not only the acquisition of an ice-free seaport like Port Arthur or Tientsin. She has for fifty years or more been planning to capture the rich markets of this vast Chinese Empire, and to accomplish this it was necessary to run a railroad through Siberia to a convenient coast port open all the year round.

"Export duties are to be reduced one-third in favor of Russia. All Russian manufactured goods intended for the Chinese market are to be charged lower transit duties than those shipped from non-Russian ports. Such an arrangement for the preferential treatment of Russian trade would be a serious matter for American manufacturers and merchants in the markets of the Far East and would deal a heavy blow to American commerce.

Dr. Bellou described the result in Persia, where British trade in cottons was annihilated by the payment to Russian manufacturers of a bounty on their goods exported to Persia, which enabled them to drive their British rivals out of the market.

"The Russian method," says Dr. Bellou in conclusion, "if enforced in China, will surely injure our trade in oil, flour, piece goods, and other products we send to China when once the Russians have completed their railway across Siberia, and are in a position to supply the Chinese markets with products of their own factories. We will, of course, hold a portion of the trade owing to the superiority of our American kerosene, which is so popular that the agents of the Russian and Dutch oil put up their goods in imitation of and even brand and label it as genuine American kerosene. This counterfeiting, imitating and false labelling in China is not confined to unscrupulous people in the oil and kerosene trade, but extends to goods made in Germany and also from Belgium and scales made in Osaka, Japan are sent to China and palmed off as American products."

COME TO CLOVERPORT.

THIS is a year that is full of promise. The large crops that have been raised in Breckenridge and the surrounding counties will bring a large amount of money and the farmers will be in better financial condition than they have in years past. They will buy more goods than they have been accustomed to and will be better off financially when they reap the great advantages. Cloverport invites the country people to come here. The merchants have bigger and better stocks than ever before. The prices have been marked down lower than ever before, and both these advantages should be considered. The roads in the county have been improved, and the farmers and their wives will find that a day spent here in trading and shopping will be a profitable one.

EXPANSION.

From Senator Teller's speech to the Colorado Senate on September 10th.

"I believe myself that we have reached the point in American history when the American Union is to take its place among the great nations of the world, and I do not believe that we can escape the responsibility that God puts upon us as a great nation, any more than I can escape the responsibility that is put upon me as a man.

"We are to be a great family of the nations of the world. We have an interest in maintaining peace and the autonomy of certain countries in order that these may be maintained. You can't shrink it. You cannot say as we said when we had 3,000,000 of people, that we have lost interest in ourselves, in the nation in which we live. You have 75,000,000 of people; you will have 125,000,000 in a little while. There will be no nation like it. There will be no nation in the world that sits with its front upon one sea and its back toward the other, sitting across the continent, from the cold regions of the North to the tropics of the South, with a vast territory no other nation possesses, with natural advantages that God has denied to any other portion of the world. You cannot stand up and say, 'We will keep, like the turtle, in our shells, and we will not say what is to the interest of mankind and what is the interest of our people.' This great Pacific sea on the west will in a few years carry more ships and more flags than the Atlantic carries, and more wealth. The great Atlantic will not be the front door, and I would not be surprised if it should find itself the back door of the continent and the front door should be on the Pacific sea. Great possibilities! Shall we surrender? These islands in the line of the great commerce of the world. They are worth millions to us, and we can hold them without any disadvantage to us. We can hold them so they will be a glory to us and a glory to the people over whom we extend our flag, our republicanism, our institutions. I am one of those who believe that a republic is better than a monarchy. I believe the voice of 100,000,000 of men is better than the voice of one man, and I have faith in the American people, in their intelligence, in their integrity, in their ability, and I am willing to trust these great problems to them, and I say we will not make a mistake if we say to them, 'We have put our flag here, and by the Eternal that flag shall stay while the Union lives.'"

WE MUST PLAY OR PAY.

Destiny has ordained that the Anglo-Saxon race be the world ruler of the future. The natural and inevitable progress of the United States and England seems bound to dwarf all other races into insignificance.

England, in years past, stole a march upon all other European powers and hoisted her flag in every part of the habitable globe. Notwithstanding her empire is loosely knit and none of her colonies have been so consolidated as to develop their potential elements of power, Britain has been content to go along in an independent sort of way trading upon the coasts of her neighbors in every direction.

The Continental powers were not absorbed in their internal affairs at the time that they did not pay any heed to colonial expansion and they let John Bull acquire the most desirable territory. Now, a new era has been inaugurated and all the European countries are looking about for new fields for the commerce and new territory for their surplus population. In a word all Europe has become as ambitious, or more ambitious for colonial expansion than England.

These conditions have not existed for a day, they have fretted and irritated Continental Europe for several years and it has been the desire of England's rivals to clip her wings before it was too late.

The resentment of Europe has been directed at England alone. The prosperity of Great Britain and the United States is based upon manufacturing supremacy and commercial success. Both countries have invaded the markets of all other nations and their great success aroused the apprehension of the Powers. It has only been a short time since the Austrian prime minister suggested, yes, even urged the formation of a commercial "alliance" on the Continent for the purpose of excluding the United States and Great Britain from competition in the European markets. This movement was directed against the United States on account of her growing prestige and against England because it has always been its policy to keep itself free from any entangling commercial treaties with foreign powers.

Now that the events of the past few months have made the United States a colonial power, with possessions in the Atlantic and Pacific oceans, her interests are identical with England's. The battle of Manila Bay has given Uncle Sam title to the Philippines and this has made her a party to the eastern world, and the effect of causing this country to adopt a future policy that will be one of cooperation with Great Britain. It is the beginning of an age of race aggression and racial unification.

We have been drawn into the game of international politics. Formerly our policy of isolation allowed us to withdraw from the game whenever we elected because we had little or nothing at stake. But now, with an Oriental empire in the pot we dare not throw up our hands. We must play our cards or forfeit the stakes.

In a few short months our interests have become so wide spread that very few international questions can arise in which we are not concerned.

The attitude of this country is already favorable to the British-Japanese coalition. The possession of the Philippines would make us more so. If we are to gain commercial supremacy in the east we cannot fail to assist Japan and England to thwart the aggressiveness of Russia in the Orient. All far-sighted people realize that the reactionary Russia would result in the destruction of the world's peace and interests in the far east, and should the leading Slavic race attempt to swallow China or seek to strip Japan of some of her commanding stations on the Pacific, England and the United States would be bound to come to the rescue of the Jay to save their own bacon. This makes the two Anglo-Saxon nations natural allies.

Now that the American people, through the fortunes of war, have been compelled to accept a policy of expansion, we must be solid, once and for all, and narrow provincial ideas, and realize that we are citizens of a great world power. We must lose no opportunity of opening up fresh markets for our manufactures. A settled course of trade is not easily diverted and by establishing ourselves in as many and varied fields as possible we shall make our commercial supremacy a certainty.

Our position in the east makes it necessary that we establish coaling stations and maritime bases for our fleets and marine at such strategic points in the Pacific as will sit well with protecting our interests. We should hold the Philippines, not as the spoils of war, but because of their utility. Should we fail to hold them we will be committing commercial suicide.

Sooner or later a powerful European coalition will be formed that will be directed against the Anglo-Saxon race. England or the United States would not be able to bear the brunt alone. Both must form an alliance to hold their own. Such a coalition would give us naval predominance and would make us too strong to be attacked by other nations.

Russia is the great coming power and if we hold the Philippines we will have the Muscovite to reckon with. It will be a fight of the Angliques race against the Slav. Kindred interests, kindred ideals, and kindred blood will draw Britain and America together in the fight and it will result in the supremacy of Anglo-Saxon arms. It has been ordained by destiny that the Anglo-Saxon race be the world ruler of the future.

GERMAN PRAISE FOR US.

Consul-General Max, at Frankfurt Germany, has sent to the State Department the translation of an article in a recent issue of the Frankfurter Zeitung, a paper which was conspicuous among the German press for its friendliness toward the United States throughout the war with Spain, which is particularly appropriate just now. It discusses the results of the war:

"The conclusion of peace, which ends the Spanish-American war, marks a new epoch in history, not only for the United States, but likewise for Europe. The United States has taken an important step toward the world, and the American continent; it has also reached beyond that and claimed its share in the conduct of the world's affairs. Since it now controls the West Indian archipelago, the construction of the Nicaragua Canal will be no longer delayed. Then will the eastern and western portions of the United States be brought into closer relations which will be of important significance, not only for the commerce but for the naval power of the United States.

"From San Francisco westward by way of Hawaii and the Ladrones and Philip-

Here's the Newest News in this Paper.

The autumn season is now upon us and there is no more appropriate time nor more appropriate place than THE FAIR to make your fall purchases.

The Stock

is on a grand scale. In Dress Goods you will find new forms of beauty; a new series of elegance. The woman who deliberately ignores the claims of this stock upon her attention is hopelessly lost to her own interest. Our shelves are burdened with fabrics just from the hands of the world's brainiest style makers.

This is only the middle of September but we can show you

Scotch Plaids

in endless varieties. They are in vogue now and are among the most

fashionable fabrics. We have them in the prettiest designs possible.

Covert Cloths

that possess all the elements of comfort and beauty. Their quiet hues make them exquisitely elegant.

All Wool Henriettas,

whose beautiful shades and textures make them just the most popular goods of the season.

The lovely French

Drap d'Alma,

whose beauty of design, finish and

color gives it that artistic tone, elegance and smartness so much sought for by those who array themselves a la mode.

This is a perfect feast of beauty and color. Ladies will find this stock so complete, so rich, that there will be no excuse to go away from home to do fall shopping. If you love the beautiful, if you desire to see the fabrics that are now the fashion in New York, Paris and London—in all the great centers of style in the world, call at

THE FAIR

BARGAINS AND REMINDERS.

Kid Gloves.

Our great Bargain this week is a fine line of Brown and Black Kid Gloves. They are \$1.25

values, but we sell them at 75c

We have an unusually large line of the SELZ-SCHWAB SHOES. All sizes. All Styles. Prices that make them money saving values.

Hats and Caps.

Our line of Hats and Caps embraces everything that is seasonable and you will only find 1898 styles in stock.

THE FAIR, Cloverport's Leading One Price House.

Our Store Will Be Closed Again

FOR ONE DAY,

MONDAY, SEPTEMBER 26,

On account of Yom Kippur, the day of Atonement, which is observed by us every year.

In order to make up for the loss of so many hours we have determined to make a remarkable offer of special reductions in prices for the following week.

Respectfully Yours,

H. BAKER BROS.

Green Flag Bargain Store.

People's Protection From High Prices

corruption. The Cuban. They that died for a good cause are redeemed from death. Their names are etched and garnered. Their memory is precious. Each place grows proud for them who were born there. There is to be no long in every village and in every neighborhood a glowing pride in its martyred heroes. Tablets shall preserve their names. Pious love shall renew their inscriptions as time and the unfeeling elements decay them. And the national festival shall give multitudes of precious names to the orator's lips. Children grow up under more sacred inspirations whose elder brothers, dying and for their country, left a name that honor and inspired all who bore it. Orphan children shall find hundreds of fathers and mothers to love and help those who dying heroes left as a legacy to the gratitude of the people. Oh, tell me that that they are dead, that generous hearts, that any army of invincible heroes! They have as a cloud of witnesses above the nation. Are they dead that they speak louder than we can speak, and are they dead that they teach us the dead that yet not? Are they dead that yet move upon society, and inspire the people with nobler motives and more heroic patriotism? Yes, that mourn, let claims mingle with your tears. He was your son, but now he is the nation's. He made your household bright, now his example inspires a thousand households. Dear to his brothers and sisters, he is now brother to every generation youth in the land. Before he was narrow, appropriated, shut up to you, now he is augmented, set free, and given to all. He has died from the family that he might live to the nation. Not one name shall be forgotten or neglected, and it shall be and by be confirmed, as of an ancient hero, that he did more for his country by his death than by his whole life.

H. H. HAYNES,

Gardlet, Ky., Sept. 15, 1898.

Stars Will Fall.

The great celestial showpieces which are seen at intervals of thirty-three and one-quarter years in due November 13 or 14, 1898. But on the same date this year a considerable display is expected of these meteors, supposed to be a swarm of cold matter still rendered incandescent by friction with the earth's atmosphere.

"For Headache"

I don't believe there ever was so good a pill as Ayer's. I have been a victim of terrible headaches, and never found anything to relieve me so quickly as

AYER'S PILLS

C. L. NEWMAN, Drug Supt., Va.

BRACKENRIDGE NEWS.

WEDNESDAY, SEPT. 21, 1898.

Local Brevities.

Nine Line of umbrellas—Sulzer's. Splendid line of new trousers—Sulzer's.

Mrs. B. W. Noel, is very ill at her home.

See those worn remnants on bargain counter—Sulzer's.

School books and school supplies at Babbage's.

Go to Babbage for your school books and school supplies.

Special sale of corsets. Selling them at 25, 35 and 40 cents—Sulzer's.

Money is beginning to circulate more freely in the county and merchants report brisk trade.

The scarcity of farmers in town Saturday was due to the fact that all were busy housing and cutting tobacco.

Robbie J., the son of M. F. Leaf, of Toland, has been suffering with malarial fever for the past three weeks.

A Louisville excursion boat, loaded down with passengers, passed down the river Sunday on its way to Evansville.

"The Fair" was closed Saturday, the proprietor observing the Hebrew holiday of Rosh-Ashonah, the Jewish New Year.

The apple crop will be very short this year. Many orchards are barren of fruit.

The scarcity is already causing high prices.

Corporal Walter Eide, of the United States Army, is home from Montauk Point on a thirty days furlough. Arrived here a great change in him.

Chief Engineer Hudson, of the "Henderson Route," went to Richmond, Va., Saturday to visit his family who are visiting friends and relatives at the capital of the "Old Dominion."

The "Henderson Route" engines will soon be decorated with the trade mark of the road. It will be inscribed on the engines in red and white and will make the locomotives look much more attractive.

A DEPARTURE.

Engineer Bucky will introduce a New Wrinkle in Crops

Engineer J. E. Bucky, of the "Henderson Route," has purchased the Frazer farm on the Henderson pike.

The farm is composed mostly of hill land and it is Mr. Bucky's intention to introduce a unique crop for this section of the country.

He proposes to plant English walnut, Japanese chestnuts and trees of these varieties. As there is always a fine demand for these nuts, at the very best price, and as the trees bear prolifically in this climate, it will be a very paying crop.

Another feature will be a large vineyard, wherein will be planted the best kinds of grapes for table use, market purposes and wine making.

He will also devote a large acreage to various kinds of fruit.

A New Addition.

Irvington is growing so fast that hardly a week passes but some new improvement is undertaken. The latest under way is the construction of an addition to R. S. Bandy's store. It will be 38x110 feet in dimension and two stories high. This will make his establishment one of the most extensive in the county.

DO YOU WANT A SLICE

OF - THE - EARTH?

IF SO, LET US TELL YOU

A GOOD FARM

within 5 miles of Owensboro, Ky., in Daviess, the best county in Western Kentucky.

316 acres, one-half gently rolling, the balance in high creek bottom. 375 acres in rich state of cultivation. 20 acres in woodland. Bluegrass grows luxuriantly. Buildings: A splendid roomy two story mansion, surrounded by a fine fence, three tenement houses, two barns, one tobacco barn holding 25 acres of tobacco, one cattle barn which will also house 15 acres of tobacco, stable 140x60, with 40 stalls, one 120x60, never failing well under, corn crib with capacity of 4,000 bushels, two orchards, one old and one new. Price per acre only \$30. This would be cheap at \$60 per acre. This is a magnificent stock farm.

WILLIAMS & LITTLE

are at Third Street,

OWENSBORO, KENTUCKY.

PERSONAL MENTION.

Fred DeHaven went to Louisville Sunday.

Dr. A. A. Simons was in Owensboro Sunday.

John Vost was in Hardinsburg Monday on business.

V. G. Babbage, of Hardinsburg, was in the city Thursday.

Hal Murray went to Hardinsburg Monday on business.

Fred Frazer has returned from a business trip to Cincinnati.

Mr. and Mrs. Chas. P. Babbage returned to Louisville Saturday.

Miss Margaret Bowmer has returned from a visit to Louisville.

Rev. B. F. Oshmon, of Oshmon, preached at Sabbath, Sunday.

Mrs. Dr. Hartwell, of Louisville, is the guest of Mrs. David Van Alstine.

Rev. T. V. Joiner is attending Method at District Conferences at Louisville.

John Phelon, who has been visiting at Owensboro, has returned to the city.

Frank Haswell and his handsome little boy, Shull, were in Louisville Thursday.

Mrs. James W. Mattingly and children are visiting at Louisville this week.

Miss Bessie Jarboe, who has been visiting at Skillman, has returned home.

Mrs. L. P. Birk, of Owensboro, is the guest of her aunt, Mrs. Jas. H. Moorman.

J. A. Elder, of Owensboro, who has been visiting at Irvington, has returned home.

Mrs. E. S. McFay, who has been visiting friends at Owensboro, has returned home.

Eugene Gilliland, of Steppesport, passed through this city for Owensboro, Sunday.

Miss Lillie Scott, of Hardinsburg, was the guest of Miss Bessie Hamblen, Sunday.

Sam May and family, of Hardinsburg, were the guests of Mrs. Thomas W. Lewis Sunday.

W. M. Ditto, of Brandenburg, was a passenger on the morning train to Louisville, Thursday.

Mrs. H. J. May and daughter, Lodea, were the guests of Miss Fannie Krounch at Rome Sunday.

G. M. Barkley, one of the best farmers in the Steppesport neighborhood, was in the city Monday.

Hon. Charles Wathen, attorney for the I. H. & N. L. road, was in the city Friday on business.

Miss Mayne DeHaven has returned home from a very pleasant visit with friends at Irvington.

Miss Anna Lelach, of Evansville, is the guest of the Misses Marguerite and Elizabeth Bowmer.

James Miller, of Sample, was in the city Monday attending the funeral of his brother, Peter Miller.

Grand Baber, of the Green Flag Bargain store, of Hardinsburg, was in the city Friday evening.

Miss Marion Bowmer left, Tuesday, for Oxford, Ohio, where she will resume her studies at college.

Dr. Forrest Lightfoot, of Haverhill, was in the city Monday attending the funeral of Peter Miller.

Frank McGary and wife, of Kirk, were in the city Saturday and Sunday visiting Mrs. Thomas W. Lewis.

Miss Mary Marshall, the charming guest of Miss Lillie D'Hay, has returned to her home at Louisville.

Mrs. J. F. Keith went to Lewisport Friday to be at the bedside of Miss Lelia Daniels, who is dangerously ill.

M. B. Marlowe, of the Cincinnati Canning Company, has moved his family from Evansville to this city.

Mr. and Mrs. Wm. Witt and Mrs. S. H. McCracken have returned home from a week's visit at Hardinsburg.

Mrs. W. C. Moorman, who has been the guest of Miss Amanda Dean, at Glendale, returned home Saturday.

S. G. Hall, brother of ex-city marshal John Hall, came down from Webster Monday and is the guest of the latter.

Miss George White, who accompanied Mrs. Manning to Belmont College, Nashville, is expected home in a few days.

W. C. Moorman has returned from Winston, Montana, where he has been spending the summer looking after some mining interests.

Miss Margaret Skillman went to Louisville Monday, where she will remain until Wednesday and will then return to college at Oxford, Ohio.

J. A. Heston and R. O. Willis, of the firm of Heston & Willis, have returned from Cincinnati and Louisville where they went to purchase fall stock.

Mrs. Morris Beard, Miss Minnie Mar, and Miss Mary Beard, of Hardinsburg, were in the city Friday and Saturday visiting friends and relatives.

Logan Murray president of the American National Bank, of Louisville, spent Sunday at Dr. Springs, the guest of Mr. and Mrs. A. R. Fisher and Mrs. F. Frazer.

Mrs. D. Henton and daughter, Grace, went to Oxford Friday. Mr. Henton and family have moved from this city to Louisville and will reside there permanently.

Mrs. Jack Payne, her son George's daughter, Annie and Hewitt and Andrew J. Key, of Louisville, were the guests of Mr. and Mrs. Augustus Gibson, Sunday.

Colman Harwell, who has been in eastern cities buying goods for the firm of R. F. Beard & Co., of Hardinsburg, passed through town Friday evening on his way home.

Miss Nora Dorell, of Nashville, Tenn., who has been the guest of engineer Sam W. Bates and family, went to Henderson Monday, where she will visit for a few days and will then return to her home.

A STRANGE STORY.

An Ohio County Man Says He Was Drugged.

And While in a Stupor Forced to B-come a Bismarck.

Emmett W. Cate, whose father runs the Sulphur Wells in Ohio county and who is in the jail at Louisville awaiting trial for bigamy, in a statement made Sunday afternoon declared that he was drugged when he was married to wife No. 2, who was Mary F. Wallace, in Jeffersonville. He vows that he did not know he was married to the woman until detectives Hickey and Donahue placed him under arrest on a warrant returned out by wife No. 1. It is stated in view of this development, that Mr. C. C. Cecil, the prominent politician and father of wife No. 1, will not prosecute the case.

"It may be true," Cate said, "but I was married to Mary Wallace without securing a divorce from my first wife, but I did not know it and I am not sure to it now. I remember that I entered a hall with Mary and another woman late in the afternoon of August 14. I also remember that we drove to the ferry lock at the foot of First street. I never had a cent. I have learned since I have been in jail that all the ex-cons of the trip were drugged by the women. I can prove that I asked for a drink of water while on the ferry and tried to get out of the back, but one of the women held me and paid a negro to bring me a drink."

"I was in a stupor for a day or two after that night. Mary Wallace had begged me time and again to marry her. I always refused and told her that I had a wife and children. I never dreamed that I was married to her till the day of my arrest. I ridiculed the idea when the officers told me that I was wanted. I asked them if they thought I had no more sense than to commit such a crime in a place where my wife's relatives and I are so well known."

"Do you remember paying for the marriage license?" was asked.

"I never paid for anything and never saw the license," replied Cate. "I don't even remember seeing the magistrate who, it is claimed, married us."

"Who administered the drug?"

"You can draw your conclusions," answered he. "I can not prove who gave it to me, but I can prove beyond doubt that I was drugged and never knew the least thing about the marriage. I understand I am to be tried in Indiana. I am perfectly willing to go, if I am innocent and know I will be cleared. My father-in-law, Mr. C. J. Cecil, who came to town several days ago to investigate the case, will not prosecute me, as was first reported. I have not seen my wife, but I am sure if she knew the real facts in the case she would not cause any further trouble."

Cate is well-known to many people in Breckenridge county.

ON STRIKE.

Miners at Spottsville Have Walked Out.

—Baskett's Not Effected.

The miners at Spottsville who went out on a strike about two weeks ago, are still without employment. They have failed once to any agreement and are still insisting that they will not work unless they are paid the scale price, sixty-five cents per ton. Mr. Thos. C. Blair, who has charge of the Pittsburgh Coal Company, at Baskett, was threatened also with a strike for the same reason, but he very promptly came to their terms and everything is running smoothly at his mines.

Mr. Blair believes in treating his men fairly and it was this reason that caused him to accede to their demands. He certainly deserves well of the public for trying to maintain a wage system that will give the miner a chance to live and his basket coal should be largely used by the people as an evidence of their appreciation.

Converting Corn Into Meat.

All Taylor, of Rosette, is one of those shrewd farmers who believes that corn is most profitable when it is converted into beef and pork. With the end in view of converting his corn crop into those products he has been feeding forty head of cattle and 104 head of hogs. He will unquestionably make money.

Delicate Children

They do not complain of anything in particular. They eat enough, but keep thin and pale. They appear fairly well, but have no strength. You cannot say they are really sick, and so you call them delicate.

What can be done for them? The best physicians have been giving for a quarter of a century. Give them

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites. It has most remarkable nourishing power. It gives color to the blood. It builds up the muscles. It adds power to the nerves. It means robust health and vigor. Even delicate children get a gain in flesh if given a small amount three or four times each day.

PER-NUA'S VICTORY.

Dr. S. S. Hargrave, Columbus, O.

DEAR SIR—I feel like a new woman since using your Per-NUA.

Your medicine has helped me so much that I can work and never feel tired out. When I first began to use your medicine I could not keep my own room, run the sewing machine or lift anything, not even a chair. I even hurt me to ride or walk any distance. Now I can do all this, and I believe more, and never feel the effects of it. I feel so proud of the way it has brought me out that I tell it far and near. I can heartily recommend your medicine to any woman suffering from female disease. I know from experience that your medicine will do just what you say it will. I thank you, Doctor, a thousand times for your treatment. I shall recommend your medicine wherever I go. I know what it has done for me and I know it will do the same for others. I feel that there are thousands of other women who would, after using your treatment, as I did, be thankful I am so glad I got your treatment. This medicine is the best thing I have ever used. I can remember having my menaces without pain. Why, I can't do anything but recommend Per-NUA. Miss Emma L. Bolden, Wilberforce, O. The Per-NUA Medicine Co., Columbus, O., will mail Dr. Hargrave's special book for women, free on application, to women only. Address: Druggist-Per-NUA.

HOPE HE WILL REMAIN

Brother Joiner Has Made a Most Valuable Pastor.

The Rev. T. V. Joiner, pastor of the Methodist Episcopal church of this place, has just closed his conference year. Brother Joiner is one of the hardest working ministers that ever had charge of this pastorage. He is a consistent christian gentleman, and his earnestness and consecration to the good cause has made him a most valuable instrument for good in this city. He is a man of broad sympathies, of splendid erudition, and his knowledge of human nature makes him a magnificent worker. He is very popular with our people and it is the universal desire that he be again assigned to this charge.

Beware of Quacks for Catarrh that Contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sent by Druggist, price 75c. per bottle.

RED HOT

Was the Jolly Meeting at Henderson Saturday.

While the crowd that attended the Jolly ratification at Henderson was not large, the meeting was red hot. Candidate Jolly roasted District Chairman R. C. Vance and declared that he was a fugitive from justice from Indiana. Mr. Jolly said that if H. D. Allen was elected to congress he would contest his seat on the grounds that the Gobel law was unconstitutional.

Favorable Weather.

The cooler weather in the past ten days has been a blessing to the Kentucky tobacco growers, says The Weed. His crop had become to take very unkindly to the hot weather, and house burning was a universal complaint. In many instances the farmers had to resort to charcoal fires in their barns to dry the tobacco. The cooler weather relieved the crop and the extent of the injury to it has not been very great. Though, if the cool weather had delayed much longer much of the crop would have been ruined.

Agent for Farmer's House.

J. D. Bigns, who is widely known in this section has taken the agency for this district for the Farmer's House, at Louisville. He is one of the squarest men in the tobacco business, and represents one of the most honorable houses in the Louisville. Farmers would do well to consign their tobacco to his care.

A Better Year.

The superiority of this year over last as a crop year is proven by the fact that W. J. Pigott, of Irvington, raised 100 bushels more wheat on eleven acres of ground this year than he did on thirty last year.

Almost Completed.

The Fordells and Cloverport telephone line to Owensboro, has been completed as far as Skillman and soon the people of north Henderson will have the unique experience of communicating with a real live town like Cloverport.

Former Citizen Dead.

George Bramlette, who formerly lived in Owensboro, and was quite well known in this county, died at his home in Arkansas, last week.

He will not know how much good Hood's Sarsaparilla will do you until you try it. Buy a bottle today and begin to take it.

SPLENDID TEACHER.

What Two College Professors Say of E. C. Crabbe.

Head of the New Irvington College a Fair Educator.

Read what President James K. Patterson, L. D. of State College and Chas. Lewis Loon, D. D. L. D. of Kentucky University, have to say of Prof. Crabbe, of Irvington, and his work and we think you will be convinced that he is the man to whom you can confidently entrust the education of your sons and daughters.

LEXINGTON, Ky., Jan. 23, 1892. State College of Kentucky.

BRECKENRIDGE NEWS.

WEDNESDAY, SEPT. 21, 1898

Tobacco Damaged.

On last Thursday a severe hail storm passed over the Cloverport section and did a great deal of damage to the tobacco crop.

Feared He Will Die.

George H. Adkinson, one of the oldest and best known farmers in the Cloverport neighborhood is ill with typhoid fever. As he is 70 years of age it is not thought that he will recover from the disease and his death is looked for as a possibility.

Dangerously Ill.

Julius Hardin is dangerously ill with a carbuncle on the back of his neck, at his home on Hardin's creek. Dr. P. C. Simons and Watkins found it necessary to lance the gathering Monday and the operation was repeated Tuesday.

Historic Farm Sold.

The historic old Hardin farm was sold at commissioner's sale by public outcry at the court house on Wednesday last. Thomas Rhythe, bidding for Chas. L. Beard, purchased the farm for \$2,000. It is the greatest bargain in farm property that has been had in this county for years.

BUSY SESSION

Magistrate Court at Stephensport Well Attended

Magistrate court at Stephensport, Wednesday, attracted an unusually large crowd of people to that town.

Squire Miller had twenty-six cases on the docket and disposed of the business before him in an expeditious manner.

BOONE BLOOD

Courses Through the Veins of this Hero of Four Wars.

The Glendale correspondent has this to say:

Everybody knows "Uncle Johnnie" Mueselman, and everybody who has could live forever and hold his job on the Branch, for the R. R. will never find his successor. Besides being a good man himself, he is the father of one of the best young soldiers Uncle Sam has in the field. Will Mueselman, whose letter is published in this issue of the News, is, perhaps, the most experienced man of his age in the entire army. He is but twenty-eight and has gone through four wars. He was in the last Indian War, when fighting Bull was killed in 1880. Next he was with the victorious army in their contest with the Chinese. For a long time he was in Cuba, fighting with the patriots, before he was taken between us and Spain. He fired the first gun for Gen. Miles on the island of Porto Rico. He was one of the 50 Americans to whip 3,000 Spaniards, but our soldier boys are heroes whose lands are no greener from our multiplying warriors. Their deeds are their glory. Young Mueselman is a descendant of Daniel Boone's, and his roving life is but the manifestation of the Boone blood as it restlessly courses through his veins.

CASHER BEARD.

Of the Bank of Hardinsburg, Says Things Are Bright.

Morris Beard, cashier of the Bank of Hardinsburg, has been greatly benefited by his Western trip.

The bracing air of the Utah Mountains and the exercise he took in his failing expeditions near the "timber line" has made him as rugged in appearance as a frontiersman.

His countenance is bronzed and presents a perfect picture of health. He said he enjoyed his vacation immensely and feels like a new man.

Mr. Beard, in conversation with a News reporter, said that there is a perceptible increase in business around Hardinsburg. The people have plenty of money and are in easier circumstances than in years past.

There is a tendency on the part of farmers to make extensive improvements on their places and this is causing them to borrow money for the purpose.

Money is very cheap and as the rates of interest are low the county will be greatly benefited by this tendency on the part of the farmers.

OUR ARGUMENT

For Your Trade is New Goods at Lowest Prices.

Do you want Dress Goods?
Do you want Clothing?
Do you want Shoes?

THEN COME TO OUR STORE.

Come Here for Quality.
Come Here for New Ideas.
Come Here for Anything

That a first class store should have. We have the brightest, the newest, the most extensive stock that has ever been within the walls of this store. That is saying a great deal, but it is true. Every price marked on goods is a BARGAIN.

Heston, Willis Company.
CLOVERPORT, KY.

THE CROWD.

Do you remember the advice given by Mr. Pickwick when asked what to do in a time of great excitement? "In such cases do as the mob does." "But," said Mr. Snodgrass, "what if there are two mobs?" "SHOUT WITH THE LARGEST," said Mr. Pickwick. "Volumes could have said no more. If you gentle, or ferocious reader want to buy Dry Goods, the crowd at our place will tell you where to buy them. All of the best posted buyers in Owensboro will tell you ours is THE place to get the best bargains.

This Brings 'Em.

The same great bargains that gladdened the hearts of hundreds of buyers last week will be offered again this week. We don't confine our purchases to a certain quantity, as that is practically unlimited. Our unapproachable facilities for buying enables us to offer the following prices:

Standard Calicoes in Turkey Reds, Indigo Blues, and Fancies, at 34c.
Good yard-wide Bleached Cotton at 4c.
Good Towels, 3 for 10c.
Towels, 2x36, at 7c.

Our Carpet Department

Occupies one entire floor of our mammoth house and is full of the very latest productions of the looms. We also have an immense line of the more staple goods at prices we know are bound to please you. All classes of goods pertaining to house furnishing will be found in this department.

H. B. PHILLIPS & CO.,

Dress Goods.

Never in the history of our house have we had such a large and splendid assorted stock, and have the prices been as low. We can give you better values than any house in the State. This is a big assertion, but we mean it.

Chalk and Wool Fancies at 25c.
All wool Tricots at 25c.
Jacquard Fancies at 25c.
All wool Serges at 25c.
All wool Vandyke Cloths from 50c up.
Broad Cloths at 59c, worth 75c.
Broad Cloths at 98c, worth \$1.25.

Don't forget that we are selling agents of the celebrated Gold Medal and Majestic brands of Black Goods. They cannot be bought elsewhere in Owensboro.

Millinery.

Our Millinery Department is one of the chief features of our house. We have the most artistic and highest-priced trimmings in the State. Every hat made by them is as pretty as a picture and surprisingly cheap. We urgently request you to inspect this stock.

Our Cloak Department

Is full of stylish Jackets and Capes from the most noted cloak makers. Our prices this season will be lower than ever before, and when you buy a garment of us you can rest assured that it will be up-to-date in style and cheaper than you will find it elsewhere.

Clothing.

The stock is immense, the styles the best and the prices just the kind to please the most economical and closest buyers. We can fit the long, lean and lank as well as the fat and corpulent. You can save big money by buying your Clothing of us.

Shoes.

We have more money invested in GOOD SHOES than ALL the other houses in Owensboro combined. All made to our order by the most noted manufacturers on the continent. Fits and wearing qualities guaranteed.

We hope to see all the readers of the BRECKENRIDGE NEWS at our great Fair, but if you are so unfortunate as not to be able to come, send us your mail orders. We guarantee satisfaction.

OWENSBORO, KY.

THE HAND OF DEATH STRIKES

GIANT OAK AND TENDER LILLY.

The death of Peter Miller, at Paducah, Saturday, deprived Cloverport of one of her very best citizens.

His death resulted from heart failure, superinduced by typhoid fever.

Peter Miller was born in Breckinridge county and was forty-seven years of age at the time of his death. He had been in the tobacco business in this city for many years and for the past five years has been in the employ of the United States government, as gauger in the internal revenue service.

Peter Miller possessed a noble character. He personally reflected all the virtues and attributes characteristic of the brave, conscientious and earnest Christian gentleman. He was quiet, sincere and honest. In speaking of others he was sure to say those things that reflected of their good traits and no one ever heard him utter a sentence that was detrimental to another.

His wife died fourteen years ago and left him with a family of small children to take care of. He regarded it as his sacred duty to keep his home intact and tried in every way to compensate his children for the loss of their mother. He was tenderly sympathetic and because their companion. Their love and trust in him became so great that they confided in their sorrow to him and made him share all their joys.

It was his home life during that period that showed the true stature of his manhood. He did not try to shirk one iota of duty to the family that had been bequeathed to him and train and guard his children and make them happy.

It was this tender loyalty and deep solicitude for their well-being that made his children idolize him and made him share all their joys.

Peter Miller was a consistent Christian. He joined the Baptist church when he was twenty-one years of age and was a hearty supporter of its tenets to his death.

The life he lived was one of such purity and it exemplified so many lofty traits that it was truly one that could be profitably followed by his fellows.

His integrity was of such sterling quality that his name was everywhere a synonym of all that was straightforward and true in his years past.

During his last attack of illness he seemed to have a premonition that he

could not survive it and so told his friends to come from his bedside.

His former pastor, Dr. Penrod, who has a parsonage at Paducah was with him twenty minutes before his death. To Dr. Penrod Mr. Miller said that he was ready to die; that he felt that he had done his duty toward God and man in such a manner that he had no fear of entering the mystery of eternity. He was the death of a good citizen and faithful Christian.

His funeral occurred at the Baptist church in this city Monday. The sermon was preached by Rev. Rutledge and was a beautiful tribute to the deceased.

The church was crowded with his friends. It being one of the most largely attended services ever held in this city.

The remains were followed to the cemetery by a host of mourners.

Two brothers survive him, Milt and Jesse Miller, of Sample, and two sisters, Mrs. F. N. D'Hay of this city, and Miss Mary Miller, of Hardinsburg.

To these the whole community extends its heartfelt sympathy. Cloverport mourns a citizen whose life and influence always tended to good.

LELIA T. DANIEL.

Miss Lelia T. Daniel, aged seventeen years, died at Lewisport, Saturday morning at 7 o'clock, of hemorrhage of the lungs.

Her remains were brought to this city Sunday morning and were interred at the Cloverport cemetery.

It was indeed a shock to the young people of this city when they learned of the death of Lelia Daniel. She was a girl whose sweetness of disposition, whose lovely character, endeared her to all who knew her.

Lelia was born in Davies county and lived in Cloverport six years. She was a self-sacrificing girl and her noble devotion to the family that had been bequeathed to her, showed her to the people of this city.

Her death was a beautiful one. As she was about to pass on, she seemed as though her eyes were open to the world and she seemed transported with delight. She exhorted all who were about her bedside to lead

Christian lives and her admonitions seemed to come from heaven.

One of the saddest features of the young girl's death was the fact that she was engaged to Mr. J. K. Keith. She died with her hand in his.

The funeral took place in this city Sunday, the services taking place at the Methodist church. All services at other churches were postponed.

The remains were followed to the cemetery by a host of mourners.

The local lodge of the K. of P. were in the cortege. At a meeting Monday night the organization passed the following resolution:

RESOLUTION OF RESPECT.

At a meeting of Breckinridge Lodge No. 61 K. of P., S. P. Conrad, Chas. May, Ed. Whitehead and

George Weatherholt were appointed a committee to draft resolutions, expressive of the feelings of the members of the lodge to our Brother J. T. Daniel and family upon the death of his daughter, Lelia. And so the life work of Lelia is ended. She has passed on to her reward. She has left behind her a young manhood, when steamboating on the river was in its prime, and his brother had contracts to furnish boats with wood for fuel. Afterwards the deceased conducted a general merchandise business at Tolipoint.

George Weatherholt was a man who was possessed of sterling qualities. He had an old-fashioned sense of honesty and the rugged manliness of his father made his name a synonym of all that was sincere and honest.

He was greatly loved by all who knew him. He was a bachelor.

Mrs. Anna Downs, wife of Wm. Downs, formerly of this city, died at her home at Newburg, Kentucky, on Monday last. She was 65 years of age and was buried Monday at 2 o'clock.

A POPULAR FINISHER.

A Brief Sketch of Rev. George F. Hayes.

Rev. Geo. F. Hayes, who has been in Hardinsburg spending a few days among his old friends, is one of the strongest preachers in the Louisville conference. He is probably now one of the oldest Presiding Elders in the conference, having held this position successfully for many years.

Mr. Hayes' long service as Presiding Elder gives him great influence with the Bishop in making appointments for preachers in the various districts. He knows the people and their needs a little better than their associates.

He has been to the Louisville conference many times and his counsel is constantly sought after during the session of the Annual Conference.

Mr. Hayes is a native of Kentucky, and has been in Louisville this week, where as Presiding Elder and one of the chief counselors of the Bishop's cabinet he will have a good deal of work to do.

Hayes began his career as a minister in Hardinsburg many years ago, and his predictions were made as to his future.

He was said he would never make a preacher, but close study and application put him out of the reach of all this.

He was a member of the Louisville conference, and his counsel is constantly sought after during the session of the Annual Conference.

He was a member of the Louisville conference, and his counsel is constantly sought after during the session of the Annual Conference.

evidenced by a large attendance at the burial service at that place at 11 o'clock Wednesday afternoon. Brother James Lewis conducted the service, and was assisted by Rev. J. K. Keith. She died with her hand in his.

The funeral took place in this city Sunday, the services taking place at the Methodist church. All services at other churches were postponed.

The remains were followed to the cemetery by a host of mourners.

The local lodge of the K. of P. were in the cortege. At a meeting Monday night the organization passed the following resolution:

RESOLUTION OF RESPECT.

At a meeting of Breckinridge Lodge No. 61 K. of P., S. P. Conrad, Chas. May, Ed. Whitehead and

George Weatherholt were appointed a committee to draft resolutions, expressive of the feelings of the members of the lodge to our Brother J. T. Daniel and family upon the death of his daughter, Lelia. And so the life work of Lelia is ended. She has passed on to her reward. She has left behind her a young manhood, when steamboating on the river was in its prime, and his brother had contracts to furnish boats with wood for fuel. Afterwards the deceased conducted a general merchandise business at Tolipoint.

George Weatherholt was a man who was possessed of sterling qualities. He had an old-fashioned sense of honesty and the rugged manliness of his father made his name a synonym of all that was sincere and honest.

He was greatly loved by all who knew him. He was a bachelor.

Irrington College.

E. O. Crabbe and wife will open their School at Irrington on the

FIRST MONDAY IN OCTOBER.

Pupils will be charged from the time they enter until the end of the term. The school year will consist of two terms. Tuition is due in advance. There will be no deduction for any time lost. Full Course of Competent Teachers.

Tuition in the Literary Departments as follows:

Collegiate School,	\$20.00 per pupil per term
Business School,	20.00 " " "
Normal School,	20.00 " " "
Intermediate School,	15.00 " " "
Primary School,	10.00 " " "
Incidental Fee,	1.00 " " "

Music, Art and Elocution will be charged extra. Special terms to teachers desiring to better qualify themselves for their professions.

Any variance from the above terms must be in writing and signed by the Principal.

For further information address

E. O. CRABBE,

Lock Box 6, Irrington, Breckinridge County, Ky.

SHE FELL FROM GRACE.

A Stephensport Woman Leaves Her Husband.

He is Greatly Distressed About Her Conduct.

Charles Strode, of Stephensport, went to Louisville Sunday afternoon in search of his wife, who disappeared from her home August 14. He reported the matter at police headquarters at that city and a search was instituted for the woman. She was located in a house on Grayson street. She refused to accompany her husband and said that she would not return to him.

Strode is broken-hearted. He says his wife left him without giving any cause. He has spent all his surplus money in seeking her. He threatens to swear out a warrant against his wife and see if it is not possible to compel her to go with him.

CUT AND SLASHED.

Two Custer Men Let Their Angry Passions Rise.

During an altercation at Custer, Saturday, Ike Davis allowed his anger to get the master of him and he endeavored to carve David Jones into the shape of a pig. He succeeded in slashing Jones four or five times with a pocket knife. The pocket knife was all of an ugly nature but they are not dangerous.

Will go to Cuba.

The Fourth Regiment, Kentucky Volunteers, which is now at Annapolis, is scheduled to go to Cuba to do garrison duty. Lieutenant Col. J. C. Hays will accompany the regiment to Havana.

Expected to Recover.

Judge J. B. DeHaven, who was seriously ill the past few days has passed the critical stage and is expected to recover.

George Drury, of Bevelyville, has been appointed administrator of the estate of his father, W. M. Drury, deceased.

ADDITIONAL LOCAL.

Miss Emma Stites spent Monday in Henderson.

Mrs. Marion Weatherholt is quite sick with fever.

Fighting pigs feet and tails can be had at Sippel's.

Ed McDonald, of Henderson, was here Sunday visiting friends.

Robt. Craper and other reasonable folks for sale at Sippel's.

J. R. Hardin, of Pellville, was in the city Tuesday on business.

Mrs. E. A. Shelman, of Stephensport, went to Louisville Monday.

Det. E. Shelman, of Hardinsburg, threatened to sue the publisher of what this year.

Mrs. M. F. Wedding and daughter, of Boone, Ind., were visitors to the city Tuesday.

Mrs. H. W. Conrad, of Lavanworth, Ind., is visiting her son, S. P. Conrad, here.

Miss Nannie Owen and Ernest R. Conrad, of Glendenshire spent Sunday with Miss Mary Morrison.

Frederick Birk, of Owensboro, camped

BRECKENRIDGE NEWS.

WEDNESDAY, SEPT. 21, 1898.

INTERESTING FACTS.

Railways of the World Could Reach the Moon.

In the world there are enough railroad tracks to reach the moon, 232,000 miles away, and still have enough left to wrap around the earth at the equator six times.

China has only 73 miles. For each mile it has a territory as big as Belgium. Japan, with its 2,257 miles of railway, is much more enterprising. For each mile it has only the mere claims of 18,775 people, and an area of 71 square miles. Although it has, roughly, only one mile for every ten in the United Kingdom, it carries no fewer than 70,000,000 passengers a year.

Of the world's total mileage the United States claims nearly a half, or, more accurately, 180,000 miles, a length, roughly, equal to 17 times the earth's circumference at the equator.

In proportion to population the United States have for each mile of railway in Russia 12 miles, in Germany or the United Kingdom 5 miles, for each mile in Austria or, in France 4.

Among European nations Belgium is most blessed with railroad facilities in proportion to area; and Spain holds impotently in the rear of all the other nations.

During the last five years Russia has shown most railway enterprise, with an increased mileage of 30 per cent; Germany follows with an increase of 7 per cent; France with 6, and the United Kingdom is content with 3.

Africa has one mile of railway for every 1,210 square miles of territory, and Australasia one for every 321 square miles.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city, all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to my people, and referring from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky."

MALE CHILD

It Was Unfortunately Born Without Arms or Legs.

Born, to Mr. and Mrs. W. A. (Gus) Gladney, at their home on West Second street, Wednesday, August 18, 1898, a male child.

There is nothing remarkable about this announcement, but the wonderful part remains to be told: The little one is absolutely limbless, having neither arms nor legs. He has a collar bone and little shoulders, but no arms or legs, there being only slight flesh formations, not larger than the last joint of one's little finger. At the hips where the legs should join, the bones of the pelvis are visible except on one side a slight formation similar to that at the shoulder, and on the other a tiny attachment slightly resembling a little foot.

It Hits the Spot.

When suffering from a severe cold and your throat and lungs feel sore, take a dose of Foley's Kidney and Bladder Pills. These pills will give you a warm grateful feeling and relief of the parts affected will be experienced and you will say: "It hits the spot." It is guaranteed—A. R. Fisher, Cloverport; Gordon & Haynes, Paducah; R. A. Sheltman, Shepherdson; E. A. Witt, Hardinsburg.

History of Short-hand.

The history of shorthand, properly so called, with an alphabet of single signs as substitutes for the ordinary letters, dates from the reign of Queen Elizabeth. In the year 1588 a learned doctor and author named Timothy Bright published a work in which he claimed the invention of the art of shorthand. This claim, however, has been justly disputed, as it is not based on a shorthand alphabet, but is a system of arbitrary marks for words. After him came Peter Bales, whose system was also composed of arbitrary characters; and John Willis published in 1602 a shorthand alphabet. This was improved by Edmund Willis in 1618, and the alphabet was much simplified by Mason many years after. This was the last of the alphabets of the kind, which time many modifications and improvements have been made by different authors.

More than twenty million free samples of DeWitt's Kidney and Bladder Pills have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time.—Short & Haynes.

A House of Porcelain.

Japan intends sending to the Paris exposition a huge house, hexagonal in shape, and composed entirely of porcelain. It measures several yards in circumference, and its weight will not be less than 70 tons. From the artistic point of view, according to the several models already exhibited, it will be a masterpiece. It is estimated that the cost of making it will be about 2,000 pounds sterling.

Don't You Know and Save Your Life. Buy T. S. Johnson's Kidney and Bladder Pills. It is the best medicine for all kidney troubles. It is the best medicine for all kidney troubles. It is the best medicine for all kidney troubles.

THOMAS B. REE ON TEMPERANCE.

The Nation, He Thinks, Is Gradually Abandoning the Drink Habit, But the Law Without Public Sentiment Behind It, Is of No Avail.

Some years ago one of the ablest of its citizens went from a prohibition town in Maine to California. He was an observant man, independent in thought and fearless in his expression of opinion. Years afterwards he came back and rather startled and perhaps shocked his former congregation by saying that whisky had helped even more than many a hard spot. While this doctrine is a very dangerous one, there is a certain element of truth which ought to be accounted with it we would have a true understanding of the causes of the use of intoxicants and have a sound foundation for our hopes of their abandonment.

Among European nations Belgium is most blessed with railroad facilities in proportion to area; and Spain holds impotently in the rear of all the other nations. During the last five years Russia has shown most railway enterprise, with an increased mileage of 30 per cent; Germany follows with an increase of 7 per cent; France with 6, and the United Kingdom is content with 3.

Africa has one mile of railway for every 1,210 square miles of territory, and Australasia one for every 321 square miles. Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city, all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to my people, and referring from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky."

While the history of intoxicants, stimulants and narcotics may indicate that at one time—a time possibly to be prolonged beyond our day—all these helps, if help they may be, were used in order to meet the diseases of life, it by no means follows that this will be true for all time. Indeed, human experience is happily on the other side.

As long as the history of drinking before the 15th century. Since that time the world has slowly but surely changed. There have been spoken of hard drinking, when, as in the time of Pitt and Dundas, the gentleman soaked himself in port from 2 in the afternoon to 10 at night, when Irish society was reeling with the effects of liquor which pulled down some of Ireland's greatest intellects and wrought the ruin of no less a man than John Philip Curran.

But when the comfort come and acclimation has taken place, when the house with bay windows is built and a park begins to show itself, when roads are to be driven in and the opera house erected, the saloon takes itself out of sight and is no longer the shrine of worship.

Wherever life is the hardest the temptation to oblivion is sharpest.

PUBLIC SENTIMENT THE FORCE.

No people know this better than the people of the United States, for the settlement and growth of this country was in the nature of a fort from the time of the Pilgrims in Massachusetts and the Cavaliers in Virginia down to Kiondike and the adventures in the frozen regions of Alaska. From early days our faith in our future was sublime. However, as our faith was, our realization has outstripped our dreams.

It is true that the increasing knowledge and the increasing comforts of the world are really what drive us on, or at least lessen them and incite us, or at least increase them. But, on the other hand, one of the greatest helps to knowledge is discussion and even exertion. They breed knowledge and with connection with real facts they create it.

No public sentiment is the great controlling force of the world. We flatter ourselves that we are independent and we are proud of our own individuality and do homage to ourselves as existing and rounded entities, ditched and moated against separation from others by our own fortifications.

Let anybody who thinks that to be so watch a town meeting as the realists rarely see the majority unfold itself. They are small and noisy and they begin to sing. Watch a revolt against party during a presidential campaign, especially in the last week. Discussion and agitation create and form forces, which we call the opinions of others, and do their work on those who need it.

Nevertheless to create this power there must be the only one, the edge of facts. There must be conditions as well as truths. What prevails in one is impossible in another. Human ignorance has to be respected as well as human knowledge. A struggling army is of no use, and a struggling human race is of no use. Hence we often have to laws for others to reject us or go slow to be together.

Laws also help in temperance as well as in all other things, but laws are of no use except when they record the public feeling. They are of use only when public sentiment is behind them. There have been many laws passed by the states of those who favored them which have done more injury to the cause they desired to further. When the public mind has been made up, and has slowly and naturally crystallized its belief into statutes, those statutes have great power, for determination is there by vigorous and opposition shamed.

From all these things it is fair to conclude from what we can see in the past of the temperance movement, that it cannot be controverted, that the same process is going on, and real knowledge and milder sense are doing their work. As we are continually increasing in public sentiment, and increasing in one direction, and the discontent and poverty are lessening, the conclusion cannot be resisted that temperance is not diminished, but growing.

THOMAS B. REE.

Surgical Operation Prevented.

OSKAY, Va., March 25th, 1896.
Dr. M. M. Fenners, Paducah, Ky. Dear Sir: About two years ago I was afflicted with Kidney Disease and Gravel, and grew constantly worse. Finally one of the gravel lodged in my bladder and I was about to have a surgical operation performed to remove it.

Seeing that FENNERS' KIDNEY AND BLADDER CURE recommended so highly by men of eminence for all diseases of the kidneys and bladder, I was induced to try it. After using two bottles I passed a stone half as large as a marble. The medicine prevented further formations, my health improved under its influence and I am cured. I cannot too strongly urge sufferers to use it. I have the stone which your medicine removed which may be examined by anyone. Yours truly, T. C. Oakes.

CHARLES C. MARTIN,
Prescription Pharmacists,
Near door above Payne & Co's, Cloverport.

LION'S SHARE FOR SAMPSON.

He Will Receive a Larger Reward Than Schley.

Prize Money That Will Be Received by the Navy.

Rear Admiral Sampson will receive as prize money and bounty about \$100,000. Rear Admiral Dewey will receive about \$90,000.

Rear Admiral Schley will be about \$50,000 less than that of some of the Captains in the navy who were capturing prizes while Schley was "bottled up" in Hampton Roads at the beginning of the war.

The seamen, including the "men behind the guns," will get from \$30 to \$200 or \$300, according to their pay and the number of prizes captured by their respective ships.

The law provides that prize money shall be paid for every vessel, whether warship or merchantman, that is captured, and that bounty shall be paid to the crew wherever a vessel is destroyed. If the law captured is larger than the prize the law gives the entire net proceeds of the prize to the captor. If it is smaller, one-half to the captor and one-half to the crew. The captors are entitled to \$100 for every man on board the destroyed ship at the time of the action. If the number aboard can not be accurately got at, it is assumed that there were as many aboard as there would be on a similar ship of the United States navy.

In dividing prize money and bounties the commanding officers of the fleet get one-twentieth of the whole sum. The commander of a squadron gets one-fifth, the Commander-in-Chief, gets one-fourth. Commanders of ships that make captures get one-fifth of the sum awarded their ships.

The rest of the money is divided among officers and men according to their pay.

The three great profitable items in this war were the battle of Manila, the battle of Santiago and the Cuban blockade. Of these the Cuban blockade was far and away the most profitable. There was never any danger in it and it cost the American fleet under Sampson's command something like \$3,000,000. His share of it was \$75,000.

Rear Admiral Dewey and his officers and men will divide \$178,400. There were, approximately, 1,734 men in the Spanish fleet. This means Rear Admiral Dewey's share would be \$29,000, and the six commanders \$2,733 each.

The bounty money for the battle of Santiago will be about \$48,000. Rear Admiral Sampson's share of that will be about \$12,000. Rear Admiral Schley's share will not be more than \$5,000. The commanders of the American ships in the action—Clark, Cook, Chauncey, Taylor, Evans, Phillips and Wainwright—will each get about \$4,000.

Beauty in Blood Deep. Clean blood means a clean skin. No beauty without it. Cleanse, Candy Cakes to clean your blood and keep it clean, by stirring up the liver and driving all impurities from the body. Begin to-day to banish pimples, boils, blotches, blackheads, and that scaly skin complexion by taking the Candy Cakes—beauty for ten cents. All druggists, satisfaction guaranteed. 10c, 25c, 50c.

Hard on the Cigarette. Cigarettes, says Dr. Simon N. Landis, of Boston, prevent cell germination, deaden the most minute nerves of sensation, stupify the brain, harden the heart, and thus destroy the sympathetic attributes of manhood and deteriorate the virtue of grace divines.

BRECKENRIDGE NEWS.

WEDNESDAY, SEPT. 31, 1898.

True Courage.

Oswald! I shall tell you of it! Slight the soldier, never the soldier, in the race and not the prize, glory's true distinction lies—Triumph looks with modest things—Compassion, virtue, kindness, Mild the reckless soldier! Not the governor, but the good, honest in modesty alone, Still as easily struggling on, Placing peacefully the seeds Of wealth, hope and honor, Mark the slowly-mingled plough! Is it day of victory now? It delivers the emerald and! "Whom the flowers beneath the cloud, Wait the swiftest coming hours, Patient green and sweeter flowers, Richer fruits will soon appear, Conspicuous of the year!"

—JOHN BOWLING.

LOCATED IN INDIANA.

An Interesting Letter From a Home Boy—Wonderful Market Section.

Special to the Breckenridge News.

EVANSVILLE, IND., Sept. 31.—I am not in Cuba, Porto Rico or Spain, neither is a soldier boy, but I am a native of old Breckenridge county.

I wish to let the News and its many readers know that I have an anxious feeling in their behalf pertaining to health, wealth and prosperity.

I am located five miles east of Evansville on the Ohio river at the foot of Three Mile Island. This is a beautiful country and possesses the most energetic and up-to-date farmers in the state.

The first (or low) bottoms are principally adapted to the cultivation of corn and grass, while the second bottom (or back land) is better adapted to wheat, clover and potatoes. Near the city an immense amount of gardening is carried on.

Evansville has gained a state reputation for its wood market.

I think it fully deserves the distinction of being the largest produce market in Southern Indiana.

Those who are not familiar or who have no idea as to the disposition of farm products, could they happen to be here on some market morning the sight would be marvellous to them, to see the numerous wagons standing side by side, which occupy fully two squares, with various varieties of vegetables, fruits and meats. The days for satisfying the appetite are Tuesdays, Thursdays and Saturdays.

This is an exceptional day hay market, during the fall months I feel perfectly safe in estimating the average at 15 tons per day.

The drought has curtailed the average yield of corn. The potato crop is the most bountiful, with a yield of 100 bushels to the acre.

Land is valued from \$50 to \$100 per acre. The perfect drainage system of this section makes it one of the most healthful places in the universe. O. W. J.

One Minute Cough Cure, cures. That is what it was made for.

Here's Your Chance.

All the furniture formerly used in the Heyser House, consisting of Beds, Bedding, and household goods of every description will be sold at from 30 to 50 per cent. less than cost. At private Sale.

Poor and Weak

Catarrh and Bronchial Trouble—Mad no Appetite—Now Better in Every Way—A Delicate Child.

"Some time since I took a sudden cold and could not get rid of it. Being subject to catarrh and bronchial trouble I coughed terribly. I lost my appetite and grew poor and weak and I did not feel like work. I began taking Hood's Sarsaparilla. In a short time the cough disappeared, I slept well, had a good appetite and I was better in every way. Last spring I was not feeling well, I had no appetite and no strength. I resorted to Hood's Sarsaparilla and soon felt more like work. My little nephew was a delicate child and had a humor which troubled him so he could not rest at night. He has taken a few bottles of Hood's Sarsaparilla and now he has a good appetite and is able to sleep." Miss ABIGAIL J. FREEMAN, South Duxbury, Mass.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists sell it. Hood's Pills, pills, aid digestion, use.

MILITARY HEROES

Are Presidential Possibilities, But Naval Heroes Are Ignored.

After the Revolution the country made Washington its great General—President for eight years. It would have made him President for life if he had permitted.

Andrew Jackson—the hero of New Orleans—was made President for eight years because of his military achievements in the War of 1812.

In 1840 the country recognized the military service of William Henry Harrison by electing him President.

Eight years later it honored Zachary Taylor in the same way because of his prowess in Mexico, and in spite of his peculiar lack of fitness for office.

In the next election, two Generals of the Mexican War, Pierce and Scott, were the candidates and one of them was elected.

The Republican party began its career by nominating the soldier Fremont.

When the Civil War was over there was no man in all the Union who could stand against the military hero Grant.

Hayes, who followed him, was also a General. So was Garfield. So was Benjamin Harrison.

But who ever heard even a suggestion that we should make any one of our great naval heroes President?

As a man born Paul Jones was ineligible, but why was there never any talk of the elder Porter, of the hero of the Perry, of Farragut, of Dahlgren, or of any of the rest as a peculiarly "available" candidate? Why does not progress in the navy count for as much as prowess in the army?

We here talk now of Roosevelt for Governor and even for President. There has been a passing mention of Dewey as a Presidential possibility, and certainly he has shown statesmanlike qualities and is easily the first hero of the war in the popular mind. But neither Benjamin nor Nelson have ever been mentioned for high civil office.

The greatest glory in two of our wars has been won by the men of the navy. Why has it never yet been recognized by even so much as a nomination for high political places?

An explanation would cast very interesting light upon the operations of the American mind as reflected in politics.—New York World.

Boonville, Ill., "It am subject to cramps and colic, and have used many remedies, but find Foley's Colic Cure beats them all." W. L. YELL.

A. R. Fisher, Cloverport; R. A. Shellman, Stephensport; Gordon & Haynes, Pateville; E. A. Witt, Hardinsburg.

D. AND D. YELL.

Imaginative Louisville Reporter Tells a Pretty Story.

Two care full of college boys and not a sound; two care full of boys telling how they spent their summer vacation and recalling incidents of last year at college, and not a bit of noise.

It will be a strange thing for the conductor of the train and it will be a strange sight for people who happen to travel along with those college boys. For every one of them is deaf and dumb and is a student at the Kentucky Deaf and Dumb Institute at Danville, the famous school that has given a college education to so many of the best men who would otherwise have been cut off from so much of the pleasure in life that is still left to them.

However, if any one thinks that this will be a sad gathering, he will be very much mistaken. To-morrow morning the Illinois Central train will bring ninety students of the institute into this city from Paducah and Henderson. They will be in charge of Messrs. A. F. Schofield and S. W. Menefee and will take the 7:40 train on the Southern road for Danville.

They are a jolly set of fellows, are these deaf and dumb fellows, and will enjoy their trip to the utmost. To vary the monotony of things and furnish a vent for their animal spirits, they will give their college yell at each station where a stop is made. It will probably be heard and seen, noisily seen, in this city at the Seventh street depot.

Unlike most college yells, very little is to be heard, at least very little that is articulate.

The college yell runs something like: "Hi, rah hi, Hi, rah hi, We are the boys From the D. and D. Y."

The ninety students will signal the yell with their nimble fingers, and will accompany this by a series of noises, in which they will endeavor to estimate the words. It is a strange and curious

thing, this rendition of the Deaf and Dumb Institute yell, and will doubtless attract much attention.—Louisville Commercial.

INFORMATION

As to the Superior Way of Packing Apples.

Peter Younger, Jr., superintendent of the Nebraska horticultural exhibit at the Iowa-Mississippi exposition, has kept careful record of the behavior of every variety of apples handled, giving valuable data regarding those which best endure cold storage. Also summer fruits which have arrived in the best condition and are of the best quality. About 160 barrels were placed in cold storage in October 1897, and they began making use of them on the tables June 1. So far the truth has kept much better than expected. But few of the apples are decayed, usually not more than three or four in a barrel. On the basis of a score of ten points, Ben Davis, Winnap, and Genet have come out in perfect condition. The condition of Grimes Golden is represented by 7, Missouri Pippin 8, Iowa Blush 8, White Winter Pearmain and McIntosh Red 9. On the other hand Walbridge did not retain its color or come out in good condition. Its condition was at first rated at 5, and later dropped to 3. Yellow Bellflower was 5, Roman Stem 5, and July 14 showed inclination to become mealy.

The method of packing was to wrap each apple first in a thin waxed paper, second, a thicker paper, at a cost of about 50¢ per barrel. It is found that wrapping in two papers, the inner of which was something of the texture used to wrap oranges but coated with a preparation that makes it nearly moisture proof, wrapping this again with coarser paper for better protection, is a most effective method of carrying fruit through and bringing it out in good condition.

The superior quality of fruit stored and handled by this process, and its remarkable keeping quality, some of them standing up a number of weeks after placing on tables at the exposition, make this method of packing apples for cold storage well worthy of study and imitation.—American Agriculturist.

No-To-Bac For Cough Cures. Guaranteed tobacco habit cure, cures weak men strong, blood pure. 50¢. All druggists.

GREAT BUSINESS MAN.

Butcher Weyler Know How to Make Money.

Let us give the devil his due says the New York Mail and Express. Weyler may be a bad soldier, but he is a very talented business man. He, through his agents, in the past two years bought 11,000 swine from the United States and Mexico at about \$30 apiece, and then sold them through other agents to himself as representing the Spanish Government at \$25 apiece, making a clear profit of \$5 a swine. With all allowance for transportation and feed, insurance and labor bills, all of which were probably paid by the poor government, the clear profit must have been \$500,000. Equally shrewd was his cattle syndicate.

The cattle concession was given to a concern in which he is said to have been the chief partner. They bought cattle, both live and refrigerated, at 6 cents per pound. The consumption in that city is over a hundred thousand pounds a day, the profit over \$10,000 and the whole cattle industry, the bottled beer, commerce and the milk routes of Havana. It is no wonder, therefore, that the people of Manila may be said to have been deceived by the people of Havana that he transmitted \$5,000,000. Of course, this was not all for himself. He has many poor friends in the Cortes.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and poison which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe swelling of the bones. S. S. S. has been curing Rheumatism for twenty years—its the worst cases which seemed almost incurable.

Capt. O. R. Hughes, the popular railroad engineer who was killed by a train, died of Rheumatism which convinced him that the remedies prescribed by the doctors contained mercury and poison which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe swelling of the bones. S. S. S. has been curing Rheumatism for twenty years—its the worst cases which seemed almost incurable.

Everybody knows that Rheumatism is a disease of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

S. S. S. For the Blood being Purely Vegetable, goes direct to the very cause of the disease and a permanent cure always results. It is the only blood remedy guaranteed to contain no potash, mercury or other dangerous minerals.

THE VIRGINIAN AFFAIR.

Sinking of the Filibustering Vessel Recalled.

Twenty-five years have passed since the Virginia was captured and her Captain and fifty-two of her passengers and crew were summarily executed by the Spaniards of Cuba, but the memory of the unavenged crime is still fresh in many minds, says the New York Times.

One man who has no difficulty in recalling all its details is Capt. David C. Woodrow, who served in the United States navy from 1861 to 1884, and who is now a resident of Cincinnati. His foot was the last to touch the deck of the most historic filibustering steamer, and he still has the 12-foot flag which he hoisted down a few minutes before she sank beneath the waves off Cape Fear. In the fall of 1873, Capt. Woodrow, then a Lieutenant Commander, stationed at Dry Tortugas, was ordered to bring the Virginia to get the Virginia, which as preparation for their murderous cruelty, the Spaniards had consented to give back to the United States. He found the vessel in wretched condition and looking badly. Temporary repairs were made, but in tow of the United States ship-of-war Osage, the Virginia started on her last voyage. For a while the sea was smooth and the leaks were kept under control. Then a storm came on, rivets loosened, an old patch on the bow gave away, and the water in the hold rose steadily. On the afternoon of December 23 the crew were threatened, and the hope of getting farther North than Charleston was abandoned. Early next morning it was seen that even that part was beyond reach, for the boilers had begun to show ominous signs of weakness. On the 26th the pumps had all broken down, the water was within a foot and a half of the deck, and the crew were utterly exhausted. "Then," says Capt. Woodrow, "I signaled to the Osage to take us off at once. The sea was very rough, for it was blowing a gale, so there was no time to lose. When the boats of the Osage came alongside, I put the landmarks on fire and it took four trips to get us all off safely. The officers went in the last boat, and a little later the Virginia went down in eight fathoms of water."

Being Brought to the Banks By Frightened Owners.

Grayson county has some citizens who stick to the primitive customs of a century ago.

A great many of them, instead of depositing their surplus cash in the bank for safe keeping, bury it in the ground, or hide it away in old stockings. Since the Short Creek robberies, however, the people seem to be inclined to trust the banks and money is now being brought to the Litchfield institutions for deposit that has every appearance of having been buried in the ground.

One Minute Cough Cure, cures. That is what it was made for.

THE DAVIESS COUNTY FAIR, OWENSBORO, KY., OCT. 4, 5, 6, 7, 8, '98

DON'S PLE-CURE

WHY SUFFER AGONY?

When DON'S COMPLETE FILE CURE is guaranteed to cure you. It is the discovery of an eminent physician.

No Knife! No Interruption of Business! The first treatment brings immediate relief. It has cured thousands, and will cure you.

MR. T. S. WILCOX, prominent merchant, politician and chief of the Chattanooga Fire Department, says: "After years of suffering, DON'S FILE OINTMENT was recommended to me. The use of one box effected a permanent cure. I voluntarily give you this statement, hoping it will be the means of bringing your wonderful remedy to the attention of others suffering with piles."

Price \$1.00, Prepaid to any Address.

DON CHEMICAL COMPANY, CHATTANOOGA, TENN.
